DeGaulle Works on New French Cabinet Rayburn Sides With Ike Against Tax Cut

Extension Of Others Is Likely Some Would Ease Excise on Autos

WASHINGTON (AP) — Speaker of the House Sam Rayburn (D-Tex.) said today he is "in full accord" with President Eisenhower's recommendation against substantial tax reductions this year.

Rep. Wilbur Mills (D-Ark), chairman of the tax-writing House Ways and Means Committee, concurred in Rayburn's statement at a joint news conference.

To Meet Wednesday

Mills said his committee will start consideration tomorrow of a bill to continue corporate and excise tax rates at their present levels.

These rates, under existing law, would drop automatically July 1. Eisenhower has asked Congress to continue them to prevent an estimated three-billion-dollar drop in revenues.

Several members of Congress have said they will seek a reduction in the excise tax on automobiles, whose sales have been lagging.

Action Due by June 1

A bill to extend the present corporate and excise rates is expected to reach the House floor early in June.

Rayburn said both he and Mills are "in accord with the statement (from the President) that there will be no further recommendations for tax reductions this year."

"I have never thought that a tax reduction would be very potent in stopping a recession," Rayburn said. He added he could not comment on whether the recession is tapering off.

Cite Two Factors

Republican congressional leaders said the administration's stand against any antirecession tax cut is prompted by the uneasy international situation and the threat of inflation. Senate Minority Leader William F. Knowland of California gave newsmen that word after he and other GOP

Nassau Support Gives Hall 138 Votes; Former GOP Head Will Tell Plans Soon

NEW HYDE PARK, N. Y. (AP) — Nassau County Republicans have endorsed Leonard W. Hall as their favorite candidate for governor.

A resolution naming the former GOP national chairman was adopted by acclamation Monday night at a meeting of the Nassau County Republican Committee.

The pledge assumes Hall of 99 votes at the Republican state convention in Rochester Aug. 25 and 26. Hall previously received a pledge of Suffolk County's 39 votes. The two Long Island counties together give him 138 of the 586 votes needed for nomination. Hall lives in Oyster Bay, on Long Island.

J. Russell Sprague, Nassau leader and one of the strongest Republican figures in the state, proposed the resolution acclaiming Hall.

Cornell President Will Meet Students Tonight

ITHACA, N. Y. (AP) — Two freshmen staged a brief sit-down strike today in the quadrangle of the Cornell University campus as student outbursts fizzled toward arbitration. Cornell has 10,000 students.

One of the unidentified freshmen said he "could protest only five minutes. . . . I have an ROTC exam to cram for."

Offer Is Accepted

Meanwhile, Cornell President Deane W. Malott offered to discuss with student leaders university policy that led to the weekend demonstrations in which he was struck with eggs and his house stoned.

Three students promptly agreed. A meeting was being arranged for tonight.

Student leaders said they had advised students against further protests, including the sit-down strike.

Malott's offer was made in a statement to students in this morning's editions of the Cornell Daily Sun. The student newspaper also reported that a fifth student had been suspended as a result of the demonstrations.

Few Exceeded Bounds

The newspaper identified him as Peter W. Wheelwright, a freshman from Boston, Mass. The Sun said he was accused of carrying an obscene sign at a demonstration.

In his statement, Malott said the events had been "as disturbing to me as to many of you."

He added that "very few" of the students had taken action "that exceeded the bounds of decency and order."

Those few, he said, would be dealt with by the authorities responsible for discipline. Malott continued:

"But of particular concern to me is the evidence of lack of understanding which exists of the objectives of the university, of what

2 Unknown War Dead Back Home Nameless Will Symbolize Others

WASHINGTON (AP) — A grim, gray warship threaded its way up the Potomac River today, returning the bodies of two unknown fighting men to the country for which they died.

In twin bronze caskets, the two will be buried in Arlington National Cemetery Friday to symbolize all the nameless dead of World War II and Korea.

Third Buried at Sea

A third, brought with them from foreign battlefields, was given a sailor's burial in the sea Monday after a final selection was made during a rendezvous off the Virginia Capes. He was one of two picked from the anonymous dead of World War II.

Wednesday morning the two caskets containing the Unknowns will be removed to the rotunda of the Capitol. There they will lie in state, in the place reserved by custom for presidents and other famous men who have died. On Memorial Day, they will be entombed in Arlington close by the Unknown Soldier of the first World War.

Transferred at Sea

The three men — one from Korea, one from the European-North African battlefields of World War II, the other from the Pacific theater of that war — came to the seaward approaches of their homeland Monday.

The man from Europe was aboard the destroyer Blandy. Aboard the guided missile cruiser Boston were the bodies of the Pacific World War II dead and the man who died in Korea.

In the rain, on the gray swells of the Atlantic off Cape Henry, Va., all three bodies were transferred to the missile cruiser Canberra.

Prays for Guidance

Then, in solemn ceremony, William Charette, a Navy enlisted man and holder of the Medal of Honor, chose between the identical caskets of the two World War II dead. Charette prayed for guidance before he placed a floral wreath on the casket to his right to mark his choice. The chosen one of World War II and the man from Korea's battleground were transferred to the Blandy.

Council Predicts 350 Deaths on Holiday Weekend

CHICAGO (AP) — Traffic accidents in the nation will kill an estimated 350 persons during the Memorial Day holiday weekend, says the National Safety Council.

The council's predicted toll is for the period from 6 p.m. (local time) Thursday to midnight Sunday. The 350 estimate is about 50 more deaths than would be likely if the period were not Memorial Day weekend, the council said.

Attorney Retained

The Town and Village of Rosendale retained Lloyd E. LeFever as counsel and Attorney William P. Curran, justice of the peace of Rosendale, is appearing as counsel for LeFever.

All interested parties are asked by Attorney Curran to notify him if they will appear and testify as to their particular use of the railroad station, and to have the attorney add their names to the list of those who

Free Meter Space For Shoppers Here On Thursday Night

In observance of Memorial Day, Friday, May 30, Kingston stores will remain closed.

However, those who must shop in the evening will not be deprived of that opportunity. Kingston stores will remain open Thursday night, May 29, until 9 o'clock.

For those who are fortunate enough to find an unused parking meter after 6 p. m. there will also be a bargain. Since parking meters after 6 p. m. are operated only on Friday evenings, it will not be necessary to deposit the usual fee Thursday after 6 p. m.

Meeting Slated On Celebration Wednesday Night

Representatives of five Hudson Valley counties will meet at the Governor Clinton Hotel here Wednesday night to discuss plans for the Hudson-Champlain Celebration in 1959. The meeting starts at 8 p. m.

Invitations to attend this informal conference have been extended by Harry Rigby Jr. and Albert Kurt, Ulster County and Kingston City chairmen respectively, for the Hudson-Champlain Celebration.

The letter stated, "We believe the success or failure of the Hudson Valley phase, depends upon the combined efforts and cooperation of interested citizens."

The informal conference of representatives of Hudson-Champlain committees and Chambers of Commerce was called to discuss and coordinate activities in the region.

The invitation called attention

Stitch Mass Thursday, Taking Body to Chicago

ROME (AP) — The body of Samuel Cardinal Stritch lay in state today at the Pontifical College where Americans study for the priesthood.

The 70-year-old Archbishop of Chicago died early today at Rome's Sanatrix Clinic. He had been confined there with circulatory ailments since he arrived in Rome April 25 to assume the high post given him by Pope Pius XII.

The cardinal's body will remain at the North American Pontifical College until Wednesday night. Then it will be taken to Rome's St. Ignatius Church. A funeral Mass will be celebrated there Thursday and the body will be flown home to Chicago for burial.

Rector to Celebrate Mass

The funeral mass will be celebrated by Bishop Martin John O'Connor of Scranton, Pa., the rector of the Pontifical College.

All cardinals in Rome will pass before the body and each give his absolution.

The cardinal died before he had a chance to take up his duties as pro-prefect of the Vatican's Congregation for Propagation of the Faith. He was the only native American ever named to the Vatican Curia, the church's highest administrative body.

Suffers Stroke

The prelate was stricken first with a blood clot in his right arm while en route to Italy to take up his Vatican post. Three days later the arm was amputated to eliminate danger of gangrene.

Eight days ago, while apparently recovering rapidly, he suffered a severe stroke. He had lost ground steadily since then.

His last act before death was to kiss a small crucifix he kept with him throughout the past week of crisis.

At the end of the cardinal's bedside was surrounded by close associates and relatives including two nephews, the Rev. Morris Stritch of Memphis, Tenn., and

Pflimlin To Quit, Is Report

Move Has Backing
Of Coty, Premier

PARIS (AP) — Gen. Charles de Gaulle today started forming a new French government. There were growing indications he would have the assistance of President Rene Coty and Premier Pierre Pflimlin.

A high source at the President's Elysee Palace, who would not be named, said the resignation of the Pflimlin Cabinet could be expected tonight.

Some May Remain

The same source said De Gaulle saw the Premier during his mysterious visit to Paris Monday night. The two agreed on the formation of a new government, which would be headed by De Gaulle but include at least some of the ministers now in office.

The De Gaulle-Pflimlin meeting took place at the country estate of Defense Minister Pierre de Chevigne, a few miles west of Paris.

Asks Nation to Stay Calm

The two men quietly talked over the grave political situation France is facing as result of the virtual breakdown of the French generals in Algeria and the mounting clamor for the World War II hero to take over.

De Gaulle announced earlier in the day he was moving to take over the government. He urged the nation to remain calm.

He promised a quick contact with the Gaullist leaders in Algeria to settle that crisis.

New trouble boiled up for France. Hundreds of thousands of workers began laying down their tools in a general strike called by a huge Communist-controlled General Confederation of Labor to protest against De Gaulle's rise to power.

Paris suburban train service was tied up. Northern coal fields were deserted. Many factories were idle. But non-Communist unions were not cooperating. Paris subway service was reported normal. Only 40 of the city's 1,700 buses returned to their garages.

Moves in Secrecy

The National Assembly recessed shortly before De Gaulle issued his statement. Premier Pierre Pflimlin and members of his Popular Republican Movement (MRP) hurried off to see President Coty.

De Gaulle moved today in utmost secrecy.

No one at his Paris headquarters had advance notice that he intended issuing a statement.

From his country home 150 miles from Paris, De Gaulle telephoned the declaration to his orderly officer, Lt. Col. Gaston de Bonneval, in Paris.

It said in part: "I started yesterday the regular process necessary for the establishment of a republican government capable of assuring the unity and the independence of the country."

Depends on Process

"I depend on that process being carried through and that the country will show by its calm and its

29th Committee Endorses Wharton to Succeed Self

Congressman J. Ernest Wharton of Richmondville is the choice of the 29th District Republican Congressional Committee to succeed himself.

The committee unanimously recommended Congressman Wharton to the enrolled voters of the district at a meeting held Monday at the Nelson House in Poughkeepsie.

James T. Aspbury, Republican County Chairman of Dutchess County, called the meeting to order and Assemblyman Kenneth L. Wilson of Woodstock, Ulster County Republican County chairman, was unanimously elected permanent chairman of the meeting. Robert A. Snyder, Saugerties, secretary of the Ulster County Republican Central Committee, was unanimously

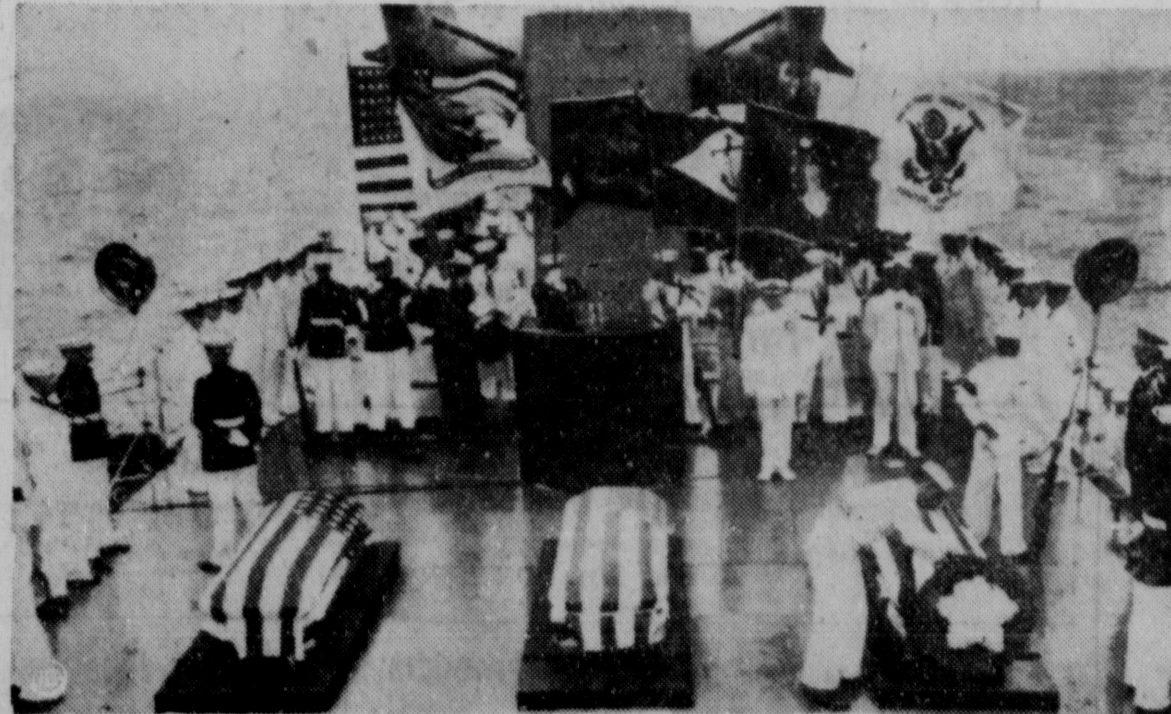

ly elected secretary of the meeting.

When Chairman Wilson called for nominations Mrs. Myrtle Tinklerpaugh, Republican chairman of Columbia County, placed the name of Congressman Wharton before the meeting to succeed himself.

Seconding the nomination was John D. Vandewater of Dutchess County, T. Paul Cain of Schoharie, George Osborn of Greene County, Fabian L. Russell of Ulster County and Sheriff Fred Knight of Greene County. The selection was unanimous by acclamation.

Named as a committee on vacancy was the county chairman from each of the four counties of the 29th Congressional District: David Enders of Schoharie, Kenneth L. Wilson of Ulster, James T. Aspbury of Dutchess, Neil Brando of

Fitting Into New Community Just Takes a Little Effort

Any woman wanting to make friends in a new community should keep the following rules in mind:

Forget about where you came from and start thinking in terms of where you are. The people you meet won't want to hear how much you had to give up when you moved from your old home. They would rather hear praise of the place that is THEIR old home and your new one.

Be faithful about returning all hospitality shown you. Putting off entertaining those who entertain you until some day in the future when you have everything about your home fixed up to suit you is a mistake, if you want to turn acquaintances into friends.

Make a real effort to remember names and faces and to straighten out relationships as you meet people. The better you are at this, the quicker you will feel at home.

Be as willing to listen as you are to talk. An interested listener fits in better with a new group of friends than does a big talker.

Join a few groups you think you will find stimulating. And if you are asked to do a job, take on the responsibility. How much you do for your community will have a big effect on how much of a place you make for yourself in it.

Be agreeable and friendly—but don't push. More will come to you if you aren't in too big a hurry to be "one of the crowd."

Try to be ready for the unexpected guest and ready to accept spur-of-the-moment invitations.

Start thinking of your new home as your permanent home—even though it may not prove to be so. Otherwise, you will act more like a visitor than a new resident of your community.

Just remembering these few pointers will help you to make friends and make a place for yourself, and shorten the period of

time when you feel like a stranger in a strange place.

Elfrida Top TV Quiz Money Winner

NEW YORK (AP)—Elfrida von Nardroff Monday night became the all-time high winner for a single TV quiz show.

The Brooklyn woman set a new mark when she won \$30,000 to boost her bankroll on NBC-TV's Twenty-One to \$216,500.

The highest single show winner had been 11-year-old Robert Strom, who won \$192,000 on the CBS show The \$64,000 Question.

Miss Von Nardroff, 32, won \$30,000 by defeating Frederick Rein of Alexandria, Va., in their fifth game. They competed for \$2,500 a point in the difference between their scores.

The champion defeated Rein by a 21-1 score.

Miss Von Nardroff and Rein, who is on the staff of the U.S. Information Agency, completed

their fourth tie game Monday night after starting the program deadlocked at 10-10.

Miss Von Nardroff returns next week to announce whether she will continue on the show with another contestant.

Attorney Enters Plea

NEW YORK (AP)—Frank DeSimone, a California attorney listed as a guest at the Apalachin

gangland convention last Nov. 14, has pleaded innocent to contempt charges brought by a federal grand jury.

Bail of \$1,500 was continued Monday for the 48-year-old lawyer from Downey.

District Judge Edward Weinfeld upheld the grand jury's subpoena. The government claims that DeSimone dodged the subpoena and hid from the jury. DeSimone denies this and says he was under medical treatment.

Declares Emergency

COLOMBO, Ceylon (AP)—Gov. Gen. Sir Oliver Goonetilleke declared a state of emergency today to help the government suppress Sinhalese-Tamil riots wracking Ceylon for a week.

The Christian Democrats appeared to have emerged from the nationwide election Sunday and Monday strong enough to continue to govern Italy as they have since World War II.

With about 70 per cent of the vote counted for the lower house, the Christian Democrats had won 42.7 per cent, compared with 40.1 in the last election. The Communist-Socialist left was up from 35.2 in 1953 to 37.5.

The final official results for the Senate gave a 41.2 per cent vote for the Christian Democrats compared with 40.7 in 1953. The Communist-Socialist left vote rose from 34.7 per cent to 35.9.

Two Blame Each Other

JERUSALEM (AP)—Israel and Jordan each blamed the other today for the death of Canadian truce chief Lt. Col. George Flint, killed in a crossfire while trying to arrange a truce between battling units of the two nations.

Flint's own chief of staff said it could not be determined which side fired the bullet that felled the head of the Israel-Jordan Mixed Armistice Commission on Mt. Scopus in Old Jerusalem Monday.

day. Four Israelis also were killed on the Jordan-surrounded Israeli enclave adjoining the Mount of Olives.

Flint, 47, had accompanied a Jordan patrol to investigate rifle fire on Mt. Scopus.

Reactor Shut Down

OTTAWA (AP)—An atomic test reactor that is probably the West's most powerful has been shut down for three or four weeks by an accident that contaminated its building.

No one was injured in the accident Saturday night to the 57-million-dollar reactor at Chalk River, Ont.

Atomic Energy of Canada, Ltd., which operates the huge project, said a piece of uranium fuel rod caught fire after it was removed from the reactor.

Leader Quits Politics

OTTAWA (AP)—The leader of Canada's Social Credit party, whose small parliamentary delegation was wiped out in last March's election, is quitting politics.

Solon Law, 58, said Monday night he will hand in his resignation this week.

The depression-born party advocated a national economy based on individual enterprise and circulation of more money.

Law suffered a heart attack in November 1955.

Venezuela Cabinet Quits

CARACAS, Venezuela (AP)—The 13-member Cabinet of Venezuela's provisional government resigned Monday night, but the ruling junta is expected to reappoint more than half the ministers.

Government officials said the resignation was a routine procedure to permit the recently reshuffled junta to decide on any changes.

Grenade Injures Several

TIZI OUZOU, Algeria (AP)—A hand grenade exploded today in a throng of 20,000 Moslems at a pep session staged by the pro-Gaullist military-civilian junta at the Algiers City Hall.

Several persons were injured. A French officer told a reporter that the explosion was caused accidentally by a military grenade carried by a French soldier. This could not be confirmed from other sources.

8 C-T Students Held

PITTSBURGH (AP)—Eight men students at Carnegie Tech were taken into police custody early today during a campus demonstra-

tion involving about 350 young men.

Police rushed six patrol cars, a wagon and two ambulances to the campus and found the crowd around a girl's dormitory.

The girls, who were reported holding some sort of initiation, were tossing water on the youths.

When police moved in to break up the crowd, bricks, eggs and stink bombs were hurled at their cars. One rock shattered an ambulance window. No one was reported hurt.

Higher Returns Seen

SYRACUSE, N. Y. (AP)—A dairy economist said today that New York State farmers' spring and summer milk prices returns will top last year's levels, despite lowered dairy price supports.

The view came from Chester W. Smith, who is associated with several area units of the Mutual

Federation of Independent Cooperatives.

Smith said the May and June blend prices for producers in the New York metropolitan milkshed probably would not go below \$3.70 per hundredweight (46.5 quarts).

That level for May would represent the 27th straight month the price has increased from that of the previous year.

DOES YOUR FAMILY HAVE THIS ESSENTIAL SECURITY?

Only Blue Cross offers all this—

• **"Service benefits."** When you're hospitalized, the use of a room is one of the many services you will require. With Blue Cross, the cost of a semi-private room for nonmaternity care in a member hospital is covered in full for your contract period—this is just one example of a Blue Cross "service benefit." Blue Cross service benefits also cover most of the hospital services you need to get well, instead of merely paying limited cash allowances. Therefore, when the cost of these services increases, Blue Cross service benefits automatically expand.

• Saves time and financial worry when you enter and when you leave a member hospital. At most hospitals in the New York area, you simply show your Blue Cross card to establish your credit—you don't have to raise large sums of cash to pay the bill—file claims—then wait to be paid back.

• Provides full coverage for your wife—as well as your children from the time they are 90 days old until they are 19 years of age—plus maternity allowances for the wife when you enroll through a group.

• You can keep Blue Cross protection when you change jobs, are out of work or retire. All you have to do is change from one group to another or transfer to direct payment.

"WE WANTED the best possible basic protection for our Reader's Digest family. We looked over the whole field but with Blue Cross, two important facts stood out.

"When the cost of hospital care goes up Blue Cross benefits expand right along with it. And this valuable protection costs only pennies per-person per-day. Reader's Digest pays approximately two-thirds of this cost for its employees.

"In the past year alone, we and our families at Reader's Digest have received \$64,753 in Blue Cross hospital benefits.

"Some of our hospital bills were small, others large. But, large or small, we are impressed at the consistently broad coverage. For instance:

"E. D.'s hospital bill was \$559.60. Blue Cross benefits covered \$549.60. She paid only \$10.

"N. D.'s hospital bill was \$708.05. Blue Cross covered \$683.05. He paid \$25.

"A. B.'s bill was \$1,046.77. Blue Cross covered \$861.95. She paid \$184.82.

"S. R.'s hospital bill was \$348.90. Blue Cross covered it in full.

"M. S.'s bill was \$455.45. Blue Cross covered \$429.45. She paid only \$26.

(To protect the patients' privacy, details of diagnosis and identity are withheld.)

"Eighty-four per cent of our 2,104 employees are women, so Blue Cross coverage for their families is especially important to them. I don't see how any family can afford to be without this protection."

Each year, one family in every three has a hospital bill. Make sure your family has Blue Cross—basic protection for big and little hospital bills.

More than 64,000 employee groups are among the nearly seven million members of New York's Blue Cross.

SELF-DECEPTION HURTS

Hasty conclusions based on wish-fulfillment are most consoling. They save one from thinking about or facing troublesome realities. There are some signs that such conclusions have been put into operation concerning the anti-American violence involving Vice President Nixon in Latin America.

Some citizens picked on the street by an inquiring reporter in one city readily saw these grim events as a propaganda defeat for the Communists. In Washington it has been pointed out that a small minority of Communists were mainly responsible. But if a small minority can have such influence, the implications are menacing.

For then, a small minority was able to force the vice president of the United States to leave a country in the Southern Hemisphere ahead of schedule, and to cancel planned and important engagements. A minority was able to create the impression, all over the world, that it virtually drove the vice president of the United States out of Latin America. A small minority, then, was able to so arouse the concern of the President of the United States that he ordered a thousand paratroopers to bases where they were held in readiness to go to Venezuela and rescue Mr. Nixon.

To ignore these implications of what happened in Latin America is only self-deceiving. Self-deception obviously was involved in the planning of the Nixon visit, and it colors much of the subsequent thinking about the visit.

Self-deception has helped Americans to cushion the shock of some of the most drastic diplomatic defeats in U. S. history. Self-deception has bred complacency in the face of declining American influence and power during the last six years. Unless this easy practice of self-deception is abandoned for a willingness to think hard and look straight at realities, then we ain't seen nothing yet!

CREATIVE SUPPORT

A new term is becoming current: Career investigator. A career investigator is not, by the definition here in mind, a man who investigates careers. He is an outstanding scientist who has been provided with lifetime support for his research.

Recently Dr. Lewis W. Wannamaker of the University of Minnesota medical school faculty became the sixth man in the United States to receive such a grant. It was awarded by the American Heart Association, and will enable him to devote full time to cardiovascular research.

The idea is a good one. Extending it to other fields might be worth some thought in the offices where foundation executives dream up ways to spend money. There are dedicated writers of high literary reputation, for example, whose creative work is hampered because it does not pay enough to free them from distracting, often tragic financial troubles. There are fine painters and musicians in the same boat.

Lifetime support for such creative spirits, who are among the most precious assets of society, might release their powers in a way that would greatly enrich our culture. As we say, it is an idea worth mulling over in the big foundation offices.

A hot war is a war between nations. A cold war is a war between notions.

A NEW ALIBI

Dr. Maurice Linden, director of the mental health division in Philadelphia's public health department, has some advice for us on getting ready for leisure in later life.

Some of his ideas ought to find vast and immediate popularity. For one, he tells us to set aside leisure time early in life—and enjoy it. A man would be a fool to resist that proposal. It makes such good sense.

He says, too, that we ought to "view leisure positively" and not feel guilty because we aren't working. Well, Dr. Linden, consider the guilt shed.

We can put our slippers on up to the

'These Days'

THE NATIONALISTIC URGE

It has become very fashionable to try to frighten the American people into believing that if they do not do thus and so, a country will rush into the arms of Soviet Russia. The logic of it seems to be that if we do not obey the dictates of each harum-scarum little politician who emerges, he will send an invitation to Khrushchev to overthrow him.

That is what I get out of a statement issued by Harold B. Minor, President, American Friends of the Middle East, Inc. He starts off with these sentences:

"The American position in the Middle East has declined alarmingly in the last decade. Unless this decline is arrested, there is grave danger that American influence in that part of the world will be eliminated within a relatively short period of time. The result will be a drift, negative and unwanted by the peoples of the area, towards Soviet influence."

There has been no such drift in the Middle East. What has taken place is an important, historical nationalist revolutionary movement which started as an Arab effort to free those countries from Turkish rule, culminating in its first phase in the defeat and break-up of the Turkish Empire during World War I. The second phase of this movement was the emergence of Kemal in Turkey and of the Hashimites in the Arabic countries, the organization of the mandated areas, including Syria, Lebanon, Palestine, Transjordan, the establishment of a Jewish homeland in Palestine under the Balfour Declaration. This period ended in a struggle between Nazi Germany and the Allies for control of the area during World War II.

World War II produced an intensification of nationalism in the Middle East. At least five extraneous factors played a role in stimulating the Arab nationalist movement which had been more or less dormant for centuries. One was the American supported missionary schools which had played an enormous part in developing a modern intellectual class in Arab countries, particularly in Lebanon and Syria. Another has been the competition during World War II between the Nazis and the Allies for Arab friendship and support. It was President Roosevelt, for instance, who gave comfort and some financial assistance to the Arab League.

On the other hand, the establishment of Israel as an independent state by authority of the United Nations created a Western enclave in the Middle East which set standards of life so far beyond anything among Arab nations that Israel became a target of envy and opposition. Furthermore, the question of Arab refugees, which might have been solved by statesmanship, was used on all sides as a stimulant for disorder and disaster.

Soviet Russia moved upon the Middle East from several directions. It stimulated every anti-Western movement almost to the point of fomenting a holy war. Local political leaders took advantage of Soviet activity in their own interest. Thus the Arab world divided into two distinct groups of nations: those who supported the West; those who were willing to follow Soviet Russia.

The leader of the pro-Soviet Arabs is Nasser, the dictator of Egypt, a fiercely ambitious politician who seeks to establish a third power of enormous population and bargaining ability between the United States and its allies and Soviet Russia and its satellites. Nasser has succeeded in bringing Syria and Yemen into his orbit. He is now attempting to conquer Lebanon by civil war. Given the opportunity, he would form an Arab state from the Atlantic to Pakistan with himself at its head.

Minor suggests that we "should look at the Middle East problem through American eyes and in the light of the American national interest . . . This is an excellent suggestion but what are "American eyes"? Are they the eyes of those Americans who distrust an upstart dictator, having witnessed the historic results of Mussolini and Hitler, or are they the eyes of the management of an oil company that worries about endangered properties, or are they the eyes of a Secretary of State who labors eternally to keep his country out of war, yet with dignity and honor?

Who are "American eyes" are we to look through?

Certainly it is not possible to trust to the judgment of Harold B. Minor who speaks well of the one he calls "President Nasser. Must we always pay blackmail?" (Copyright, 1958, King Features Syndicate, Inc.)

Washington News

NEA Washington Correspondent

WASHINGTON — (NEA) — Any ideas that small atomic power plants will dot the American landscape in the next 20 years can be forgotten. It will be 1980 or later before atomic reactors will be cooking competitively with conventional steam-powered electric plants.

This is shown by Atomic Energy Commission's first three approvals for small atomic power demonstration plants at Elk River, Minn., Piqua, Ohio, and Parr Shoals, S. C. Costs will run up to five times conventional steam plant costs.

Another project, tentatively approved last year for Wolverine Electric Cooperative at Big Rapids, Mich., has been canceled completely as AEC considers it uneconomical.

Elk river and Piqua projects have been knocking around Washington for three years for restudy, redesign and renegotiation of contracts. The Parr Shoals project most costly of the lot—was first submitted last September.

The only thing that makes these three projects possible is the new government subsidy program authorized by Congress last year to get development started.

ATOMIC ENERGY COMMISSION can now pay all costs above what comparable conventional fuel power cost would be. Thus, if steam power costs would be 10 mills per kilowatt, and atomic power costs are estimated at 25 mills, AEC is authorized to subsidize the full 15-mill difference.

Elk River's total costs are now estimated at 14.2 million dollars. This is nearly double first estimates of three years ago. Atomic power reactor and a conventional superheater to use its excess heat energy will

visit the city on Memorial Day. Supervisor Harry D. Sutton, Town of Plattekill, announced his candidacy for the Republican nomination for the office of county clerk.

S. C. plant power costs may be four to five times as high as conventional power costs in this area which now run 7 to 17 mills per kw. They're high because of many old plants in service.

A combination of four private utilities operating as Carolinas Virginia Nuclear Power Associates will build this plant. Their costs will be 22 million dollars. On top of this AEC will subsidize the heavy water reactor research and development to the tune of another 14.6 million dollars. The 36 million total is tremendous for a 17,000 kw. plant. Stone and Webster and Westinghouse will be contractors. They expect to have the plant in operation by June, 1962—again five years after approval.

House to Study Citizens' Activity in Foreign Affairs

By DAVID LAWRENCE

WASHINGTON — Citizens of the United States who on their own promote international conferences of private individuals from other countries or engage in discussions about them, written or oral, with foreign ambassadors, in order through such conferences to influence the policies of foreign governments in disputes with this country, or to defeat the measures of the United States, may find themselves on the witness stand before the House Committee on Un-American Activities.

For the House committee has a right to determine for itself whether the present law forbidding such activities shall be expanded and made more stringent. Just the other day a prominent industrialist was subpoenaed by the House committee, and it was erroneously assumed in some quarters that he was being called in merely to reproach him for views he had expressed in criticism of the Federal Bureau of Investigation. It was indignantly asserted by some critics that the committee has no right to interfere with freedom of speech.

But it turns out that what the House committee has a right to investigate and what it is interested now in finding out is whether present laws shall be amended to prevent the carrying on of correspondence or intercourse between American citizens and foreign governments where the object may be to influence the action of the United States government in its disputes with other governments.

Logan Act Cited

The exact text of what is known as the Logan Act—originally passed in 1798 but reaffirmed in the United States Code of Statutes in 1948—is as follows:

"Any citizen of the United States, wherever he may be, who, without authority of the United States, directly or indirectly commences or carries on any correspondence or intercourse with any foreign government or any officer or agent thereof, with intent to influence the measures or conduct of any foreign government or of any officer or agent thereof, in relation to any disputes or controversies with the United States, or to defeat the measures of the United States, shall be fined not more than \$5,000 or imprisoned not more than three years, or both."

Today's Business Mirror

By SAM DAWSON

NEW YORK —Treasury Secretary Anderson is facing two hard decisions with time running short:

Whether to support any tax cuts when caught between a recession and a rising federal deficit.

What to do about the 9½ billion dollars of debt coming due June 15 and the 16 billion coming due in August and September. Also he will need to raise billions more of new money as the deficit grows. Here, too, he is caught between the slump the government would like to end and a topheavy short term debt he would like to lengthen.

The tax cut decision is more up to Congress than to him although his views are being sought. The debt refunding problem involves the banks, business men and the host of communities that want to borrow money for such things as new schools.

Corporate demand for investment funds may be slackening, but any turn in the recession tide would be hampered if the government sops up too much of the funds now available.

Municipal borrowing has been rising this year, spurred both by need of financing civic improvements and by the greater availability of funds and the lower interest charges.

One thing seems sure. Federal deficits are rising and the "Treasury is going to have to borrow, and the federal debt is going to rise — an inflationary thing in itself. The decision on how to borrow is coming fast.

So They Say..

When the nation was in such dire straits that it called in soap and auto salesmen as substitutes in the Pentagon, we wondered what we in Tennessee could do and gave Elvis Presley, hound dog and all, to the nation. —Governor Frank G. Clement.

Television seems to have lost the flavor of the west—mainly because movies used up most of the ideas and plots long before TV came along. Now they're making a fantasy out of a great period in our country's history. —Actor Gary Cooper.

Without reciprocal trade, we will do for Khrushchev what he cannot possibly do for himself. We will strangle the free world's economy and we will bury ourselves. —Eric Johnson, president of Motion Picture Association of America.

Guilty of Kidnaping

HARRISBURG, Pa. —A federal judge has found a New Yorker guilty of kidnaping in forcing another man to drive him south at gunpoint.

Sentencing of Emery Ernest Smith, 33 of Big Flats, Chemung County, N. Y., was deferred pending a court investigation of his background.

Judge Frederick V. Follmer of U. S. District Court returned the verdict Monday after a trial. Smith had waived a trial by jury. Edward W. Crane, also of Big Flats, accused Smith of flashing

Happy Times

'Helping Hands' Are Friends In Need for Live-Aloners

Frank L. is a widower who lives alone in a suite in an Ohio public housing apartment built especially for older people.

The other day, Frank became ill with the flu. He was too weak to get himself something to eat. He couldn't even crawl to the telephone. It was 24 hours before a neighbor missed him and summoned help.

This experience prompted organization of the "Helping Hands," a committee composed of one representative of each of the apartment's 13 floors.

The "hands" aren't snoopers. They are motherly women who welcome newcomers, tactfully keep check on both old and new residents' welfare.

Each "hand" has a notebook listing her neighbors. In it is jotted down such important information as whether a person is a diabetic, the name of the doctor or clinic which has treated him, whether he has hospital insurance and the name and phone number of his nearest relative.

In a Michigan city, older persons living alone may subscribe to the "reassurance service" of a telephone answering service.

It calls them twice a day at stipulated hours. If no one answers, it calls a relative, a friend and a physician. Subscribers may even leave a key for the reassurance

service to turn over to a police officer trained in first aid, should an emergency arise.

Maybe you don't live in a housing project with "helping hands." Maybe your town doesn't have a reassurance telephoning service.

But you can—and should—make your own arrangement for some kind of check that will pay off in peace of mind and safety. In an emergency, it could mean the difference between life and death.

Maybe you can telephone a friend at a certain hour each day. Maybe there is a nice young woman next door who will keep a neighborly eye on you. You could give her the same kind of information the "helping hands" carry in their notebooks.

It often is fun—and practical—for an older person to live alone. But it isn't so smart to be a recluse.

"I never let anyone know anything about my business," sounds very independent. But is it wise? Think it over.

Q—When my daughter-in-law asks me to baby-sit, she insists on paying. This embarrasses me. She says it is only right, because she would have to pay a stranger. —L. O.

A—I'd say you're both lucky. She for having a mother-in-law who will help her out; you for having a daughter-in-law who doesn't take you for granted. If she wants to, let her pay you—and accept graciously.

Q—I have a little gift shop in my home. Am I covered by Social Security?—M. Z.

A—Yes, if you net at least \$400 a year. Keep records of receipts and payments. Keep invoices and other documents. You will need a Social Security number and each year you must pay the Social Security self-employment tax when you file your federal tax return on Schedule C for self-employed persons. File the income tax return to pay the Social Security tax even if you don't earn enough to owe any income tax.

Britain's petro-chemicals industry is second only to that of the United States.

SPEED SPEED SPEED SPEED!

TAKE A GOOD LOOK at this picture. Then make up your mind that it won't happen to you over the forthcoming three-day Memorial Day weekend, or any other time. Three men died needlessly in this accident, when the car of one of them (foreground), traveling between 70 and 90 m.p.h., plowed into the other auto which was stopped at a red light in St. Paul, Minn. Unfortunately scenes like this will be commonplace during the holiday weekend. On the last three-day Memorial Day weekend—in 1955—the traffic death toll was 368. With more cars on the road than ever before, this year's toll will hardly be smaller. So, DRIVE WITH CARE. EVERYWHERE.

Community College Report Filed, Meeting Is Planned

A preliminary copy of the survey and report relating to the possible establishment of a Community College in Ulster County has been forwarded to Lawrence L. Jarvie, Executive Dean of the State University of New York.

Most of the information contained in the report was gathered by the Citizen's Advisory Committee, as requested by the official Community College Committee of the Ulster County Board of Supervisors, of which Fred H. DuBois of New Paltz, is chairman. The other members being John J. Gaffney of Highland; Francis Dougherty of Kingston; John Fitzsimmons of Woodstock and LeRoy Weber of Stone Ridge.

As soon as some additional information has been obtained to complete the report, a public meeting will be held at which time it is anticipated that sufficient copies of the report will be available for general distribution. It will then be forwarded to the Board of Regents and constitute a request for approval to proceed with the establishment of a Community College. This is in accordance with the unanimous action taken by the Board of Supervisors on Dec. 31, 1957.

The report contains detailed student enrollment figures for all schools in a region surrounding Kingston served by 16 High Schools. As requested by the State University, it contains such information as number of High School graduates each year through 1970, potential number who might attend a Community College, pattern of education be-

ond high school, economic resources, etc.

One outstanding part of the preliminary report is a tabulation of actual present student enrollment by grades, as reported by each school. The 16 high schools of the region surveyed have 1,122 seniors enrolled for the current term. The same schools have 2,046 freshmen enrolled or almost twice as many.

With enrollments of three grade schools still missing, the preliminary report shows a total enrollment of 2,697 first graders. A spokesman for the Citizen's Advisory Committee pointed out that this means an increase of more than 250 per cent in the number of high school graduates in the region surveyed by 1970 with no allowance for any further increase in population.

In releasing this information today, Mr. DuBois stated that he hoped to be able to arrange for the public meeting, at which the final report would be made available, before mid-June. An effort will be made to have Dean Jarvie present at this meeting.

NEW YORK (AP)—A man identified as head of the English department at Bronxville High School was arrested by police last night after a zig-zag auto chase through the lower East Side.

The prisoner, booked as William Fidone, of Yonkers, struck three cars and ran two red lights in the chase, police said. He was booked on a variety of charges. Fidone was charged with drunken driving, felonious assault with an automobile, driving without a license, passing two red lights and leaving the scene of three accidents.

Annual Open House At Creek Locks School

Principal Paul Newkirk of Creek Locks School, Rosendale District No. 3, announces that

the recent annual open house at the school was one of the most successful in years.

Exhibits were prepared by Mrs. Stephen Huben of Rosendale and Roy Butz of Woodstock, teachers. Refreshments were served by seventh and eighth grade girls under the

supervision of Misses Patricia and Katherine Huben.

Folders of the students' work were prepared and served as a basis for parent and teacher conferences.

Mrs. Huben's class displayed a model Indian village which the

children had built as an outgrowth of studies during the year.

A photographic display entitled "The Face of Learning" featured pictures of the children taken during classroom activities.

Which Line of Play Is Best?

BY OSWALD JACOBY

Written for NEA Service

Each year the Association of Playing Card Manufacturers conducts an Intercollegiate Bridge Championship in which the students play 16 selected hands with certain parts.

In today's hand North and South must get to six diamonds and then make it.

West opens the ten of spades. How would you play the hand?

You win the ace of spades of course. You might next play king, ace and a small club and ruff low in dummy. This wins unless the second club is ruffed or the third club overruffed. As an alternate you might ruff the club high. This will work unless you now run into all four diamonds in the same hand and is a slightly better line of play than the preceding.

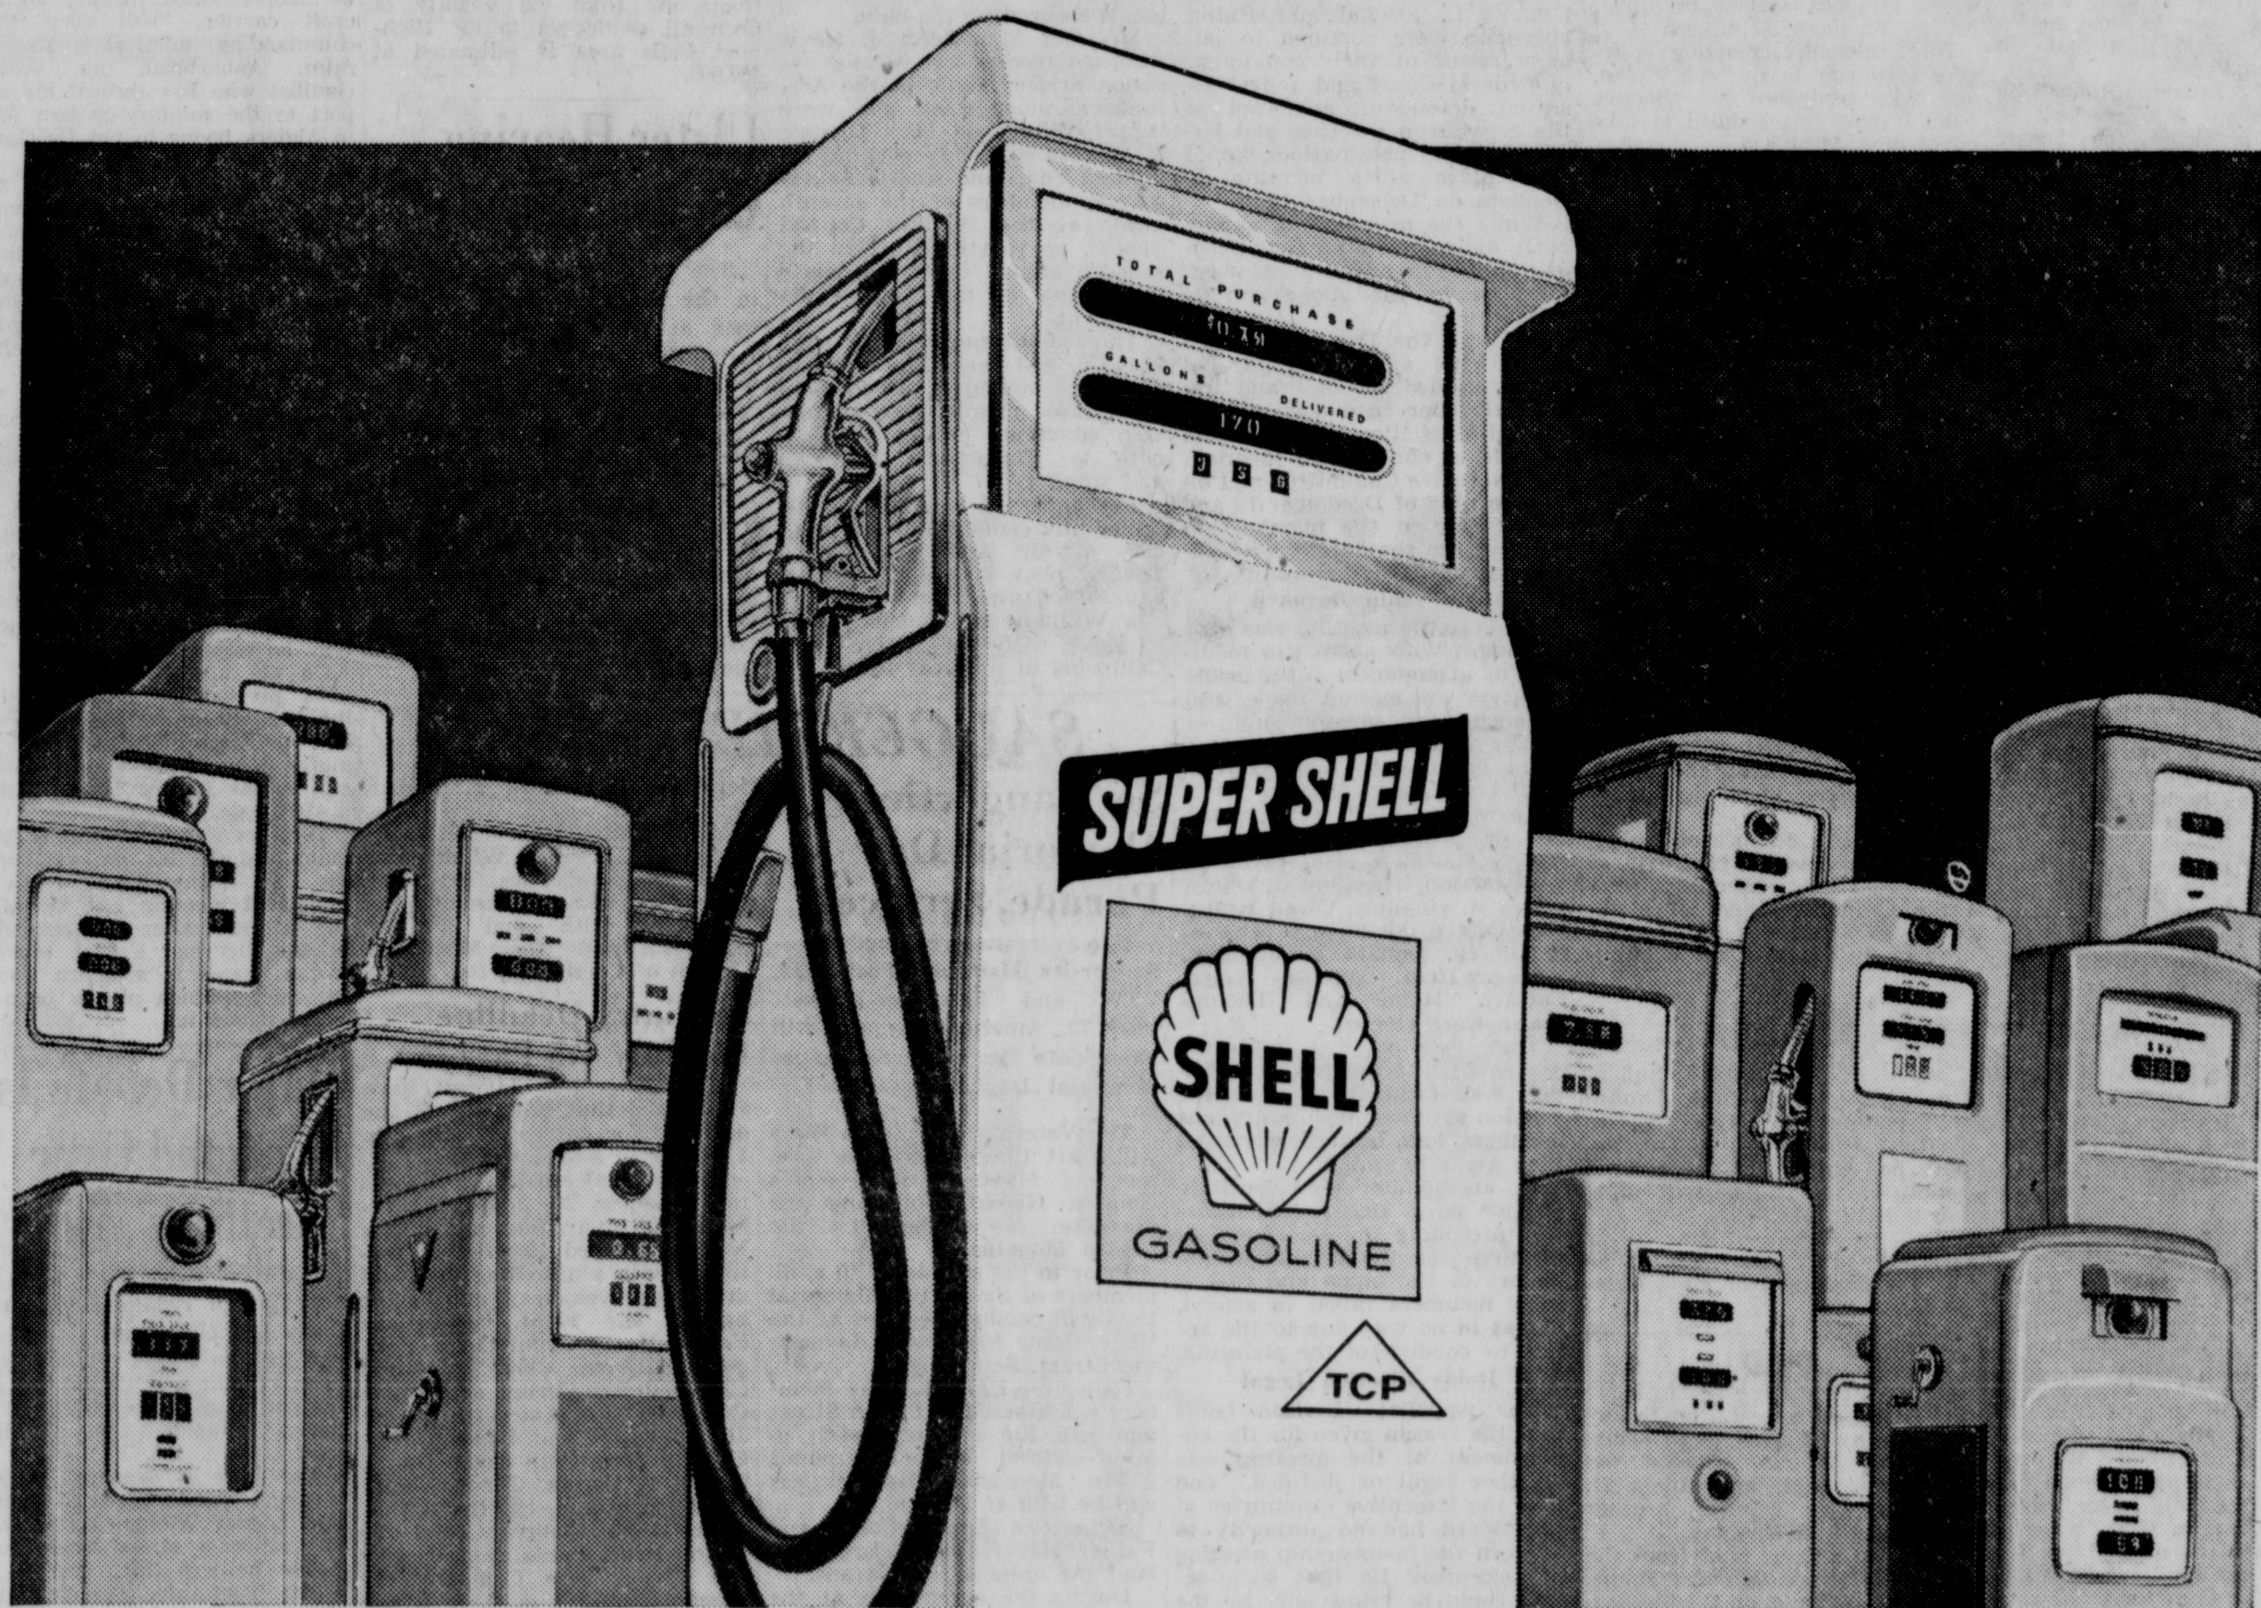

If you now look at the East-West cards you will see that the first line of play loses and the second line wins.

However, you should have adopted a third line that would win against any combination of cards once East followed to the spade lead. Your sure thing play

is to draw trumps and lead your last spade. You still have two entries to dummy. You get in the first time in order to ruff a spade and the second time in order to discard your losing club on a spade which will have been established by that time.

Among All Gasolines sold in the East ...this White Pump stands out!

At this pump... and only here... you get the most powerful gasoline any car can use, with the anti-miss protection of TCP, plus savings of up to 3¢ a gallon.

Are you getting your full money's worth in the gasoline you buy?

In power? Super Shell has a "power pack" of aviation fuel ingredients. It's the most powerful gasoline any car can use.

In anti-knock? Super Shell is so high in octane number that engine knock is no longer a problem.

In anti-miss? The bonus benefit in Super Shell is TCP—Shell's exclusive additive that

stops spark plug misfiring—today's greatest cause of power loss. TCP neutralizes harmful combustion deposits that cause "miss"—restores up to 30 lost horsepower—gives you better mileage, too.

In savings? Super Shell gives you what you really need in a gasoline at 2 to 3 cents less per gallon than you'd pay for certain other super premiums. Get your full money's worth. Start using Super Shell with TCP.

Vote May Come Today on Broad Jobless Pay Bill

WASHINGTON (AP)—A bipartisan Senate group planned a fight today to broaden legislation to extend unemployment benefits. But supporters of an emergency bill said they have the votes to pass it without change.

A final vote on the anti-recession measure was possible today, but there was some sentiment as debate began to wait until Wednesday for a vote.

Would Strengthen Bill
The emergency bill, already passed by the House, follows closely Eisenhower administration recommendations in this field.

A drive to strengthen the bill was announced by a group of Northern Democrats led by Senators John F. Kennedy (D-Mass.) and Paul H. Douglas (D-Ill.). They were joined by some Republicans from industrial states.

Douglas and Kennedy prepared amendments that would broaden the temporary features of the bill and write in higher permanent standards for jobless payments. Such payments now vary in duration and amount under state laws.

The group favoring a stronger bill contended the House-passed measure would provide no help for many jobless workers who have exhausted unemployment payments.

Controversial Feature
A controversial feature of the bill would make the temporary program optional with the states. This was a departure from administration recommendations.

Douglas and Kennedy said most states have reported their legislatures would have to take action before they could participate in the program.

However, Senate Republican Leader William F. Knowland of California predicted the Senate would pass the bill as it came from the Senate Finance Committee.

Sen. Harry F. Byrd (D-Va.), chairman of the Finance Committee, also said he understood there were sufficient votes to defeat amendments.

Byrd told the Senate the states should use their reserve unemployment funds before calling for federal help.

Surviving are his wife, Marion Maud Steketee; two children, Mrs. George A. Gray of New Haven, Conn., and John M. Steketee of Paris, France; and five grandchildren, Cynthia Jane Lilliston and Peter F. Steketee; Robert John, and Margaret Ellen Gray, and Pascal Linda Steketee.

Judges Will Seek Outright Repeal Of Youth Court

ALBANY, N. Y. (AP) — The State Assn. of County Judges announced today it was stepping up its campaign for outright repeal of the Youth Court Act.

The association's executive committee will meet shortly to plan the new drive.

The association has long been an outspoken critic of the act, which provides special treatment for law breakers 16 through 20.

The Legislature, reacting to severe criticism to the court plan, has twice postponed the effective date. It now is scheduled to take effect next April 1.

The association has held that the act is cumbersome, costly and unwieldy. It has proposed, as an alternative, amendments to the Youthful Offender Law now in force.

Newspaper groups have objected to the Youth Court Act because of its provisions for secrecy of proceedings under it.

The act was drafted by the Temporary State Commission on the Courts, which has been discontinued.

The county judges association also announced results of its annual election, which took place at a weekend meeting in Coopers-town.

Judge Frederick W. Loomis of Otsego County was elected president to succeed Judge Frank Kronenberg of Niagara. Also elected were Judges Fred J. Munder of Suffolk County, first vice president; J. R. Schwartz of Dutchess, second vice president; and Jacob Latona of Erie, third vice president.

Judge Martin Schenck of Albany County was named chairman of the legislative committee, and Judge Chandler Knight of Montgomery County was reappointed head of the Youth Court Committee.

Court Affirms Heffernan Ruling On Daley Election

A decision of Official Referee Christopher J. Heffernan holding that the election of the Theodore G. Daley slate of officers of Teamsters Local No. 445, at Yonkers on December 12, 1955, was legal, has been unanimously affirmed by the Appellate Division, Supreme Court.

Referee Heffernan held that the Daley slate of officers had been elected at a properly called meeting of the Local and that the executive committee, which met on the morning of December 12, 1955, and announced the membership meeting for that night was adjourned until further notice, had no power to take such action.

Stickel Made Appeal
Francis L. Stickel, individually and as secretary-treasurer of the Brotherhood of Teamsters, Warehousemen and Helpers of America, Local Union No. 445, and others appealed from the decision of Judge Heffernan.

The action grew out of a battle between the Daley interests and Francis L. Stickel to elect officers and control the Local.

Francis Martocci and Robert M. Ortale appeared for Daley, plaintiff respondents, and Victor D. Levitt Jr., of Mt. Vernon appeared for defendant appellants.

The sole question submitted to the Appellate Division was the validity of the election of the Daley slate at the December 12, 1955, election in Yonkers.

On October 10, 1955, Francis L. Stickel, who was secretary-treasurer and chairman of that meeting, announced nominations for officers would take place at Newburgh on November 14, 1955.

Prior to November 14, 1955, Francis L. Stickel and Philip Massiello were confined to jail as a result of their conviction in Federal Court and John Valentin, defendant, appeared at the Newburgh meeting and announced that nominations would take place at a meeting in Yonkers on December 12.

While the membership apparently did not vote on that proposition, the members present acquiesced in the suggestion of Valentin.

Prior to the December meeting Stickel and Massiello had been released on bail and apparently announced whether the Stickel-Massiello group would be able to control the meeting, the Executive Committee met on the morning of December 12 and announced the membership meeting for that night was adjourned until further notice.

Membership Revoked
However the meeting was held that night with about 250 members in attendance. After some confusion on motion made and seconded, the membership of Stickel and Massiello was revoked because of their conviction.

Following that action the meeting proceeded to nominate officers and as a result plaintiffs in the action, Theodore G. Daley, James A. Hopkins, Owen Jimmy Sr., Warren Rickman, Frank A. Caandrea, Donald H. Jonsson, Edward Urso, Thomas Weisen, Edward Hann and Thomas Walsh were elected.

That decision was protested by the Stickel group and an action was brought to have the election set aside on the grounds members had been deprived of their right to vote.

In an opinion the Appellate division notes that the membership attending the December 12 meeting was the largest in the history of the union and that if some members failed to attend, it was in no way due to the action or conduct of the plaintiffs.

Holds Election Legal
The Appellate Division holds that the reason given for the adjournment of the meeting was "neither legal or justified," and that the Executive Committee of the Board had no authority to adjourn the membership meeting of December 12, that such action could be taken only by the membership of the Local or by the General President of the International.

The opinion of the Appellate Division holds that "the election therefore was legal and valid and the plaintiffs (Daley and his staff) became the new officials of the local."

The judgment and order appealed from are affirmed with costs.

Lyonsville

LYONSVILLE—Reformed Church, the Rev. Herman Knickel, pastor—Worship service Sunday at 11:15 a. m.

August 23 has been selected as the date for the annual home-made ice cream festival and bazaar which is sponsored by the church and held at the Community Hall.

The Community Club meeting held last Saturday evening was well attended. In charge of refreshments were Michael Birk, Vernon Wager, and J. E. Burger. The next meeting date, June 21, will feature the annual club picnic.

George Wright has been engaged to paint the interior of the Community Club Hall.

The historical committee of the Centennial Celebration of the local church will hold a meeting at the church, Saturday 8 p. m.

Mr. and Mrs. Henry Hirsch of New York City have opened their summer home here for the season.

Mr. and Mrs. Oscar Christensen are spending the week at their home here.

KINGSTON, Jamaica, (AP)—The completion of 100 years of missionary and social work in Jamaica is being celebrated by the Christian Churches (Disciples of Christ) this month.

Modena

MODENA—Public Health Nursing Committee of the Town of Plattekill, will meet Monday at 8 p. m. at the home of Mrs. Donald McNicholas, Ardona.

Plans will be completed for the final party in a series of three card and game parties, to be held Friday evening, June 6, 8 p. m. at the Hasbrouck Memorial Hall.

Mrs. William Cole, Chodikee Lake Road, Highland, will be hostess to the members of the Womens Society of Christian Service of the Modena Methodist Church, at the next meeting, to be held Thursday June 5, at 2:30 p. m.

The Modena Fire Department will meet Thursday, June 5, 8 p. m. at the firehouse.

Local members of the Ulster County Volunteer Firemen's Association attended the May meeting held at Bloomington, when plans were discussed for the annual convention, banquet and entertainment to be held this year at Wallkill, tentative date set for July 15.

Local members of the senior class of the Wallkill Central High School enjoyed a trip to New York City recently. They visited the United Nations building and took a boat trip around the island.

Local members of the junior class of the school, announce that their prom, with music furnished by Johnny DeSantis, will be held June 6.

Jerry Doolittle, son of Joseph Doolittle of Wallkill, formerly of Modena, has been selected by the Wallkill Rod and Gun Club to attend one week at the New York State Conservation Camp at DeBucc, during August. Doolittle was selected following competitive tests of casting, archery, rifle and shotgun shooting, sponsored by the club.

Mr. and Mrs. John J. Davis returned from a two weeks' vacation at Newcomb, in the Adirondacks, last week and were supper guests of Miss Glennie M. Wozniak Saturday evening.

Ellen Topaz and Annette Santamagno, members of the seventh grade at the Wallkill Central School, are participating in the school's annual exhibit of early Americana in the fashion department.

The exhibit continues through May 30, and parents of the students are invited to view annual exhibit for members of citizen-ship education classes of Kenneth A. Hasbrouck, historian and speaker.

A number of local people attended the public sale of property of Mr. and Mrs. LeRoy Turner near Newburgh Saturday. Mrs. Turner, the former Luella Williams of Modena, plans to leave with her husband for California in the near future.

For 209 Work County Highway Project to Cost About \$710,000

Among the proposed state highway improvement projects estimated to cost nearly \$34 million is an Ulster County job estimated at \$710,000.

The local project would call for a widening and resurfacing of Route 209, starting in Kerhonkson and extending northeastward to a point near Kripplush. The existing road will be widened to 24 feet and resurfaced with asphalt concrete.

John W. Johnson, state superintendent of Public Works, announced Monday that sealed bids for 25 proposed highway and canal improvement projects in 23 counties will be opened in Albany Thursday, June 26.

In neighboring counties, proposed projects include resurfacing of 2.75 mile section of Route 9, starting in Hyde Park and extending northward. The existing 27 foot wide highway will be resurfaced with asphalt concrete at an estimated cost of \$268,000.

Orange County
Orange County construction will include the building of a 0.18 mile access road in the southwest quadrant of the intersection of Route 9W and Angola Road near Cornwall at an estimated \$53,000.

Replacement of a 2.99 mile section of Route 32, starting at Vails Gate and extending northward to Newburgh city line will cost an estimated \$830,000.

Replacement of 23,800 lineal feet of existing timber guide railing with metal beam-type guide railing, along a 9.16 mile section of Route 9W from the vicinity of Cornwall southward to the Highlands Falls area is estimated at \$80,000.

Ulster Hearing On Bingo Today
The public hearing on bingo in the Town of Ulster will be held at 7 o'clock today at the Lake Katrine Grange Hall.

Date for a referendum on the proposed bingo law will be set by the Town of Ulster Board in the near future.

At its regular meeting last night Ulster Hose Company No. 5 voted unanimously to let the town board use the firehouse for the referendum if it desired the company's facilities.

Ulster Hose and the Spring Lake Fire Department have both come out in favor of bingo.

De Gaulle

dignity that it wishes it to succeed.

"I expect the land, sea and air forces in Algeria to remain exemplary under the orders of their chiefs—Gen. (Raoul) Salan, Adm. (Philippe) Auboyneau, Gen. Edmond Jouhaud.

The military chiefs in Algeria lately launched the move to bring De Gaulle to power.

It was not immediately clear whether the World War II hero had been asked by President Coty to form a government.

Not Aware of Bid
A spokesman at the presidential palace said he was not aware that Coty had asked De Gaulle to step in. But he added that could have been done by telephone.

De Gaulle shipped into Paris Monday night and presumably set the takeover machinery in motion. He spent four hours in Paris, then returned to his home.

In the wake of De Gaulle's statement Communist and non-Communist leaders met together and decided to make immediate joint contact with the government.

There was nothing to indicate that De Gaulle met with Pflimlin. De Gaulle is 67. He dropped out of French political life in 1946 disdaining of the nation's political system. He stepped into France's blackest crises two weeks ago when he came to Paris to announce that he was willing to take over the reins of government—but on his own terms. Then he returned to his country home.

Before driving to Paris, De Gaulle conferred with the governor of his province, Marcel Diebolt, who then sped ahead to the capital and saw Pflimlin.

Gains Naval Arm
The insurgent regime in Algiers gained a naval arm when ships of the French Mediterranean fleet steamed into Algeria ports.

An insurgent spokesman said the ships, which include an aircraft carrier, "will obey their commanding admiral." That is Adm. Auboyneau, an avowed Gaullist who has thrown his support to the military-civilian junta in Algiers trying to put De Gaulle into power.

The junta took another step directly across the legal authority of Paris by appointing one of its members to take over all military and civilian powers in Corsica, the Mediterranean island where the junta seized control Saturday.

Col. Jean Thomazo was in effect named governor of Corsica. The appointment showed that the insurgents under Gen. Salan were exercising full control over Corsica. This directly contradicted Pflimlin's attempt in the Assembly to draw a distinction between the Algerian insurrection.

The Premier said Salan's junta was "maintaining order and avoiding bloodshed" but that the Corsica coup has "no justification, no excuse."

On the international front, Tunisia prepared a new appeal to the U.N. Security Council for action to force withdrawal of the more than 20,000 French troops still in the former North African protectorate.

Tunisian President Habib Bourguiba ordered his ambassador to the U.N., Mongi Slim, to ask for a council meeting and to submit the demand after a weekend of clashes between French and Tunisian troops in southern Tunisia in which French planes from Algeria joined in.

Major Debate Is Expected Over Satellites' Aid
WASHINGTON (AP)—The Senate Foreign Relations Committee today formally proposed economic aid for the Soviet Union's European satellites. This is the area of maximum vulnerability in the Soviet complex, the committee said.

The issue is expected to bring a major Senate debate. Republican Leader William F. Knowland of California already has served notice he will fight it.

The committee's recommendation is part of a \$3,712,900,000 foreign aid program. It proposes unprecedented authority for President Eisenhower to provide economic and financial aid for Yugoslavia, Poland, East Germany and other satellites.

The committee said in its report that it was well aware of the risks. "The committee believes that the risks are outweighed by the increased chance for world peace which may result if the United States can help some countries within the Communist bloc gradually to loosen their bonds," it added.

Knowland's view as given to a reporter is: "I do not think the granting of mutual aid to the Communist countries can be justified." He said his fight would be directed primarily to shutting off any assistance for Yugoslavia and Poland.

In reporting the House-passed aid bill to the Senate, the Foreign Relations committee said:

"A series of cracks have appeared in the Iron Curtain. This is conclusive evidence that the subject peoples of Eastern Europe have never fully accepted communism."

Police Probing Jansen Link to Burglary Gang

Possible connection of a 19-year-old Kingston youth with a gang of confessed hoodlums arrested early Saturday morning in an attempted burglary of Art's Service Station on Route 28 is under investigation by police authorities.

The youth is Lester Chester Jansen of 245 Broadway who was arrested late Saturday night on a charge of burglary third degree involving a series of burglaries in the area.

The arrest of Jansen was in police headquarters by Officer Charles McCullough.

A hearing had been set for 9 a. m. Thursday in city court. It is charged that Jansen was involved in recent burglaries at Art's Diner, 322 Broadway; Guarante Auto Parts Co., 682 Broadway, and Lincoln Park Motors, 400 Washington Avenue, within the city.

Safe Is Found
Sgt. Raymond L. Keating of the Kingston state police told The Freeman that the youth also admitted burglary of two gas stations in the New Paltz area. Names of the stations were not immediately available. A safe was taken from one. It was found later in the old Father Divine property near Kingston. The second station was located near the Thruway, it is reported.

Sgt. Keating said he also admitted breaking into the Hurley Gulf Station. This theft some weeks ago was reported by the proprietor, Granville Turner.

Mentioned in Quiz
It is reported that Jansen's name came up during questioning of three men trapped by Kingston state police early Saturday morning at Art's Service Station.

Arrested at that time were Christopher Genter, 22, of 22 Hillcrest Avenue; Bernard Johnston, 19, Sawkill, and Edward Calhoun, 21, of 303 Hurley Avenue. Genter sustained lacerations of the right hand when he attempted to escape through a rear window which had been broken earlier to gain entrance to the station.

Genter was captured inside the garage. The other two took to their heels but were caught in the woods nearby.

Gets 60 Days
Genter was also arrested earlier last week for unauthorized communication with a prisoner in the women's detention section of the Ulster County jail. He was arrested Tuesday by Deputy Carl Cline of the Ulster County sheriff's department. Information indicated he had tried to talk from the outside with a young woman in the jail after he had been warned to stay away.

He was sentenced to 60 days in jail by Assistant City Judge John J. Schick in city court this morning.

Genter has also been identified by the manager of the Sunset Drive-In Theatre as the man who attempted to hold him up with a rifle in the ticket booth on Sunday evening April 20. He was identified by Gerald Schwartz who had just finished counting the night's receipts when a "nervous, seedy-looking" young fellow entered the booth, covered him with a rifle and demanded the money. As he twitched the rifle apparently went off with a sharp fizzing sound.

New Paltz Area Holy Name Groups Plan Communion

The combined Holy Name Societies of St. Joseph's, New Paltz; St. Charles', Gardiner; and Our Lady of Fatima, Plattekill, will hold their annual Communion Breakfast Sunday, June 8 at Reggie's Inn, New Paltz, at 9:30 a. m.

The breakfast will follow corporate Communion of the Societies at 8 Masses held at St. Joseph's and St. Charles'.

The speaker for the occasion will be Eugene R. Connell of Albany. Mr. Connell has a very active association in lay Catholic action. He is a graduate of St. Thomas Aquinas College, River Forest, Illinois, and has been very active in civic affairs in the City of Albany. Mr. Connell is former president of the Albany Black Friars, Past Grand Knight of Council No. 173, Albany Knights of Columbus, and was State Chairman of the Youth Committee of the New York State Council, Knights of Columbus, 1954-1956. At the present time, he is the New York State vice chairman of the Knights of Columbus Retreat League Committee; member of the Bishop's Youth Committee for the past 25 years; promoter, member, and program chairman of the Executive Board of the Layman's Retreat League of the Diocese of Albany, and has been president of the Albany Nocturnal Adoration Society since October, 1953.

The Rev. Joseph F. Blake, pastor and moderator of the Holy Name Society, will extend welcoming remarks to the members and their guests.

Brooklyn Youth Is Held Here on Larceny Charge
A 16-year-old Brooklyn youth, who admitted to Kingston police that he had taken over \$100 in cash from his employer in New York City, was arrested shortly after noon today on a charge of grand larceny, second degree by a detective of the 14th Squad, New York City Police Department.

Robert Edward Book of 4220—3rd Avenue, Brooklyn was detained in Ulster County Jail since Friday night for return to New York City. He was arrested by Lt. Grover Hoffer of Kingston police.

He and a 15-year-old companion, who police said was not involved in the theft, were picked up on Wall Street about 10 p. m. Friday by Patrolman Louis Sapp.

Patrolman Sapp reported the two appeared suspicious, and upon questioning, Book admitted the theft from his employer.

The 15-year-old was placed on a bus and returned to his home in Brooklyn.

Prattville Man New Deputy of Masonic District

I. Albert Shaver of Prattville, has been appointed district deputy grand master for the district, it was announced today by H. Lloyd Jones of Bronxville, newly elected grand master of the 308,000 Masons of the state. He succeeds Frank J. Strobel of 106 Tubby Street, and will serve for one year. The Greene-Ulster District has 14 Masonic lodges with a membership of 4,000.

Shaver is a past master of Oasis Lodge, 119. He has held almost every office in the lodge and is a member of Mountain Lodge Chapter, 250, R.A.M. He has served two years as assistant grand lecturer and as service representative to the Grand Lodge.

Shaver is a member of the Hose Company of Prattville and on the board of the Methodist-Episcopal Church. He is active in civic and youth projects and is expected to continue his interest in Masonic and community affairs of the district.

As the personal representative of H. Lloyd Jones, grand master, the newly appointed district deputy will make official visits to the lodges in his jurisdiction. He will lead a pilgrimage of Masons in this area to Utica on St. John's Day, Saturday, June 21, when he will officially receive his commission and attend the dedication of the Masonic Medical Research Laboratory.

This laboratory will be under the direction of the Masons of the State of New York, with its own director and staff of technicians. It will be a focal point for the accumulation, analysis and dissemination of knowledge about for the aged. This is one

Rehabilitation Chairman Named By Health Group

Mrs. Richard Kalish of Kingston has been appointed chairman of the Rehabilitation Committee of the Ulster County TB and Health Association, according to an announcement made on Monday by Dr. Frederic W. Holcomb Sr., president.

Mrs. Kalish has been actively associated with the committee since its establishment several years ago. She has served as a representative from Ulster County Chapter and has worked on various sub-committees for the patients at the Tuberculosis Hospital. At the Ulster County Infirmary she assists with the transportation of patients for treatments to the centers. She is presently working with the entertainment committee for both institutions.

Community Service

Mrs. Kalish is well known for her service to the community. She is closely associated with the Temple Emanuel program, as well as that of various civic organizations.

The newly appointed chairman replaces Mrs. William H. McNamee of West Hurley, who held the post for several years and who resigned recently because of ill health.

The Rehabilitation Committee serves both the Tuberculosis Hospital and the Infirmary on Flatbush Avenue. It is made up of organization representatives, who give of their time and talent for the patient's entertainments, birthday cakes and remembrances, bedside visiting, shopping service and assisting with patients' sales. An occupational therapist also works with the patients at both hospitals as part of their treatment therapy.

Volunteer Work

The committee and the patients greatly appreciate what the volunteers do to help bring them some enjoyment and make the stay at the hospital a bit more comfortable, Dr. Holcomb said.

The Rehabilitation Committee is sponsored by the Christmas Seals organization. Any organization or individual assisting with this constructive social service should contact Mrs. Kalish or call the TB office.

The next meeting of the Rehabilitation Committee will be held June 10, 8 p. m., at the office of the Ulster County TB and Health Association, 74 John Street.

Reds Offer, Threaten

MOSCOW (AP) — Announcing the Soviet Union will pull its troops out of Romania and reduce forces in Hungary, the Soviet bloc called on the NATO nations again today to join in a 25-year non-aggression pact.

At the same time, Premier Khrushchev threatened to set up rocket bases in East Germany, Poland and Czechoslovakia if the United States and its allies arm West Germany with nuclear weapons.

Sums Up Parley

These disclosures appeared in a communiqué summing up the meeting of the Soviet Union and her East European allies in Moscow Saturday. The group met after a four-day economic conference of the members of the Warsaw Pact, the Communists' counter to the North Atlantic Alliance.

Soviet troops have been in Romania since they liberated the Balkan neighbor on the Black Sea from the Germans in World War II. The communiqué did not specify the number, but some sources estimate the total at 30,000 to 40,000. Their withdrawal would leave Soviet troops stationed in Poland and East Germany as well as in Hungary.

Will Cut Force

The communiqué said the Soviet government will cut its Hungarian garrison by one division this year. The Soviets said earlier this year they were pulling 17,000 soldiers out of Hungary. They did not specify how many would then remain, but Western observers put the figure as high as 100,000.

The Warsaw Pact nations also announced their decision to reduce force by 119,000 men in 1958 in addition to a 300,000-man cut announced earlier for Soviet forces. The Soviets called on the West to make similar manpower reductions and said the Warsaw powers are ready to meet at once with NATO representatives on a nonaggression pact.

Case Put Over

The case of Miss Rhoda M. Molloy, 22, of 142 Main Street, arrested Monday night for passing a red traffic signal at Broadway and Grand Street, was adjourned in City Court this morning to Wednesday at 9 a. m. She was arrested by Patrolman Edward Edwards about 6 p. m. Attorney John E. Gotelli appeared for the district attorney's office.

Financial and Commercial

NEW YORK (AP) — The stock market remained on dead center in moderate trading early this afternoon.

A hodge-podge of small gains and losses made a pretty even division among key stocks.

Agreement among spokesmen for both major parties on a no-tax-cut policy was major news but Wall Street has been fairly indifferent to this question.

Rails, resting after their rise Monday, showed minor fluctuations.

The market was again in a technical resistance area to further advance because it was near the 1958 highs were stock is available for sale. The continued rise in steel production and another copper price boost at the custom smelter level were bullish factors.

Lukens Steel, Goodyear and American Cyanamid were off about a point each while Union Carbide's loss was a bit more than that.

Otherwise it was virtually a featureless market.

U.S. government bonds were mixed.

To Break Ground Today

FULTON, N. Y. (AP) — Ground-breaking ceremonies for a two-million-dollar milk processing plant were scheduled today at the Nestle Co. Inc. plant.

Mayor John S. Johnson and company officials were to take part in the company's "do it now" expansion project.

The new four-story, brick structure supplies 34,480 square feet of additional space at the 15-building plant.

The company presently employs 1,300 workers.

State Employee Is Jailed in Death Of Woman Oct. 17

POUGHKEEPSIE, N. Y. (AP) — A state employee was sentenced today to six months in jail and fined \$500 on a charge of criminal negligence in an automobile death.

John D. Manning, 48, of Poughkeepsie, an assistant engineer in the State Department of Public Works, was sentenced by Dutchess County Judge John R. Schwartz. Manning was convicted May 14 of negligently driving an automobile that struck and killed Mrs. Robert Smalley, a mother of four children, as she was crossing a street last Oct. 17.

Rayburn Sides

chiefs had held their weekly meeting with President Eisenhower.

Eisenhower Monday said he opposes any general tax reduction now. In doing so he renewed his request for a one-year extension of corporation and excise taxes at current levels.

Since tax-raising and tax-cutting legislation must originate in the House, the position of the House speaker and the chairman of the tax-writing committee could be considered decisive on the issue. The President's stand was announced late Monday after earlier conferences between congressional leaders and the Secretary of the Treasury Anderson. Presumably it had the advance blessing of the House leaders.

Byrd Praises Decision

Although some senators disagreed, Chairman Harry F. Byrd (D-Va) of the Senate Finance Committee, which handles tax legislation, openly welcomed the administration stand. He said tax cuts could start a new spiral of inflation.

Eisenhower called again for action to halt scheduled reductions in corporation and excise taxes due to go into effect July 1.

Without renewal, corporate tax rates would drop from 52 to 47 per cent on that date and excise levies on liquor, cigarettes and automobiles would dip to their prewar levels, taking an estimated three billion dollars off next year's federal income.

The Ways and Means Committee probably will meet in the next day or two to approve a simple one-year extension of the present rates.

Central Hudson Quarter Century Club Met Monday

The Quarter Century Club of the Central Hudson Gas & Electric Corporation held its twelfth annual meeting Monday night in the auditorium at the utility's Poughkeepsie general offices. Three hundred and eight employees with company service of more than 25 years attended the meeting.

Allyn H. Way, a 29-year veteran employee of Central Hudson and a resident of Poughkeepsie, was elected club president succeeding Roland C. Becker, also of Poughkeepsie. Lawrence F. Hultslander of Millerton was elected vice president, succeeding Howard B. Hewitt of Newburgh; Fred P. Jones of Poughkeepsie succeeded John K. Weiss of Catskill as secretary, and Charles M. Link of Catskill was elected treasurer, succeeding Richard J. Williams of Poughkeepsie.

The principal speaker was Ernest R. Acker, company president. George J. Ruoff of the Town of LaGrange gave the report of the nominating committee and Ronald A. Dickson of Poughkeepsie installed the new officers. Lelan F. Sillin Jr., vice president and assistant general manager of the company, was the guest.

Total membership of the club is 398, of which 294 are active employees and 104 are honorary or retired. The club's active membership represents more than 20 per cent of the total number of employees in the company.

U. S. Frees \$300 Million More for Housing Program

WASHINGTON (AP) — The administration today released an additional 300 million dollars to carry out the government's anti-recession housing program.

Without the new allocation, the program would have run out of funds in about two weeks.

The Budget Bureau made the money available to the Federal National Mortgage Assn. to buy government-backed home loans. FNMA can commit itself to buy, at par, mortgages of not more than \$13,500 on homes not yet under construction.

In an effort to revive building as a counter to the recession, Congress made available up to one billion dollars for FNMA purchases of FHA and VA mortgages.

The administration allocated only 300 million when the law went into effect last month, however, and 220 million of this already has been committed.

With this second allocation, the Budget Bureau still has authority from Congress to release an additional 400 million dollars.

Users More Numerous

Shippers and receivers from the towns of Rochester, Wawarsing, and even points in Sullivan County, now without a railroad, are using the Rosendale station. The station is an important part of the lifeblood of the community, and the future development of the Rondout and Walkkill valleys is largely dependent upon the station continuing.

On February 21, 1958, the New York Central Railroad filed a petition with the Public Service Commission for authority to discontinue all services and facilities, except carload freight, at Rosendale, and retire the station building.

All Resist Action

A similar petition was filed by the Railroad Express against Rosendale, and similar petitions asking for the same action was filed by both the Railroad and the Express company against the stations at New Paltz, Gardiner, Wallkill and Walden. All of those communities are also vigorously resisting the action.

Three years ago the railroad attempted the same action against Gardiner station. At that time the testimony of a beekeeper and a veterinarian was presented and with their demands, together with the testimony of many other citizens who would be inconvenienced by the discontinuance of the station Gardiner station was saved.

Meeting Slated

to the necessity of working very closely with the fifteen-man commission, now in the process of being established, to promote 1959 as New York State's Year of History, and with the Interstate Commission to celebrate the 350th Anniversary of the discovery of Lake Champlain next year.

Chairman Kurtz stated that a meeting of the full Kingston Committee for the Hudson-Champlain Celebration would be called as soon as the plans of the State Commission are known. He said the executive committee has met several meetings. Tentative or proposed plans are fairly well completed for presentation to the forty-man local committee.

Cornell President

from parties in off-campus apartments maintained by men students. The students also were bitter over the university's outlawing of liquor at football games last fall.

Peter Kellogg of Larchmont, president of the student council, said the council viewed the demonstrations as an "expression of valid grievances against the administration." But he emphasized that the council did not condone egg throwing and "other such deplorable acts."

Kellogg was one of the three to accept Malott's offer. The others are Elizabeth D. Guthrie of Washington, D. C., president of the Women's Student Government Assn., and Richard M. Ehrlich of New Rochelle, president of the Interfraternity Council. All are juniors.

Miss Guthrie said she was sorry Malott's offer "had not come a little sooner."

Kellogg has said the university insisted that students accept administration-written rules for house parties.

When it was rumored that mixed parties in off-campus apartments would be banned, Kellogg said, the students feared that the pattern of not consulting student opinion was repeating.

Paltz Jaycees Get State Award

At the New York State Junior Chamber of Commerce Convention, held at Jamestown May 23 and 24, the New Paltz chapter was presented the Giessenbier Award for outstanding accomplishments in Junior Chamber of Commerce activities. Ralph Dennis, local president for the past year, accepted the award in behalf of all the members.

The award is given each year in memory of Henry Giessenbier, who, in 1922, founded the United States Junior Chamber of Commerce, and was awarded to New Paltz on the basis of a scrapbook which was prepared by David Lenti, of the local chapter.

Attending from New Paltz were Mr. and Mrs. Howard Lebas, Mr. and Mrs. Ralph Dennis and Donald Otis.

Monday evening the newly elected officers for the coming year will be installed at a dinner to be held at the Harmony Inn, Route 32. Reservations should be made by Thursday.

Air Force Says

training as the Air Force and the Army do.

Navy Takes Issue

The Navy made its stand known in a news release at an Aviation Writers' Assn. meeting here, taking issue with certain recommendations of a survey conducted by a Cleveland firm, Robert Heller and Associates.

The Navy described the Aeronautical Training Society of Washington, D. C., which made the Heller report public, as a "bargaining agent for civilian flight training organizations."

ATS represents the primary instrument and ROTC flight training schools which conduct primary training for the Air Force and the Army.

The Heller report, made public at ATS urging after being kept secret for more than a year and a half, estimated the Navy could save almost seven million dollars a year by using civilian flying instructors.

FBI Can't Spare Help for State Crime Probers

NEW YORK (AP) — Myles J. Lane, chairman of the State Crime Commission, has sought unsuccessfully the aid of the FBI in trying to fill two positions on the commission staff.

Lane said Monday he wrote last week to J. Edgar Hoover, director of the FBI, for recommendations for the commission posts of executive director and general counsel. Hoover replied that all his personnel is urgently needed in the FBI.

Lane said the commission also asked Dudley Borsal, president of the Assn. of the Bar of the City of New York, and Arthur Schwartz, president of the New York County Lawyers Assn. to submit names of lawyers qualified for the two posts. The commission today continues interviewing applicants at its office in Manhattan.

Airman Charged, Battered Baby

BATH, Maine (AP) — A young airman who allegedly battered his baby daughter because she cried has been charged with felonious assault.

Airman 2.C. Alden L. Dunham, 19, of Arkport, Steuben County, N. Y., was arrested Monday night after his wife called police.

"The baby was crying and I thought it needed discipline," police quoted Dunham as explaining the spanking.

The infant, Elaine Diane, was reported in good condition in Memorial Hospital. Doctors said her buttocks were covered with bruises and the discoloration extended above the hips.

Police Chief Robert E. Wagner Jr. said the mother, 17-year-old Cora Dunham of Canisteo, N. Y., told police she and her landlady tried in vain to make Dunham stop spanking the baby.

Patrolman Robert M. Stalling said he was told Dunham had been slapping the baby for about 15 minutes before he entered the tiny apartment and stopped the airman.

The couple has lived here four months. He is assigned to an Air Force unit at the Brunswick Naval Air Station. Previously, he had been stationed in Japan.

Pennsy May Cut Rates

PHILADELPHIA (AP) — The Pennsylvania Railroad says it may reduce shipping rates on anthracite coal into New York City, northern New Jersey and Long Island, N. Y.

The railroad, in making its announcement Monday, did not give the amount of the proposed reduction, nor any indication when it might go into effect.

A spokesman for the Reading Railroad said his railroad would go along with any new reduction.

The coal, coke and ore committee of the Eastern Traffic Executive Conference, a group which co-ordinates rates charged by railroads, reportedly had rejected the proposed reduction at a recent meeting. If the PRR and Reading railroads so desire, they may appeal the committee's decision.

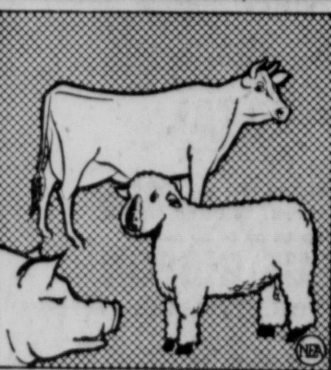

Horan's Services Set

TUCKAHOE, N. Y. (AP)—Funeral services for Assemblyman William F. Horan will be held at 10 a. m. Thursday at Immaculate Conception Roman Catholic Church here.

The Republican legislator, who made his home in Tuckahoe, will be buried at Holy Mount Cemetery in Eastchester.

The 53-year-old chairman of the Legislature's now defunct watchdog committee died Monday in Mount Vernon Hospital after a series of heart attacks. He had represented Westchester's Fifth Assembly District since 1952.

Matter of FACT

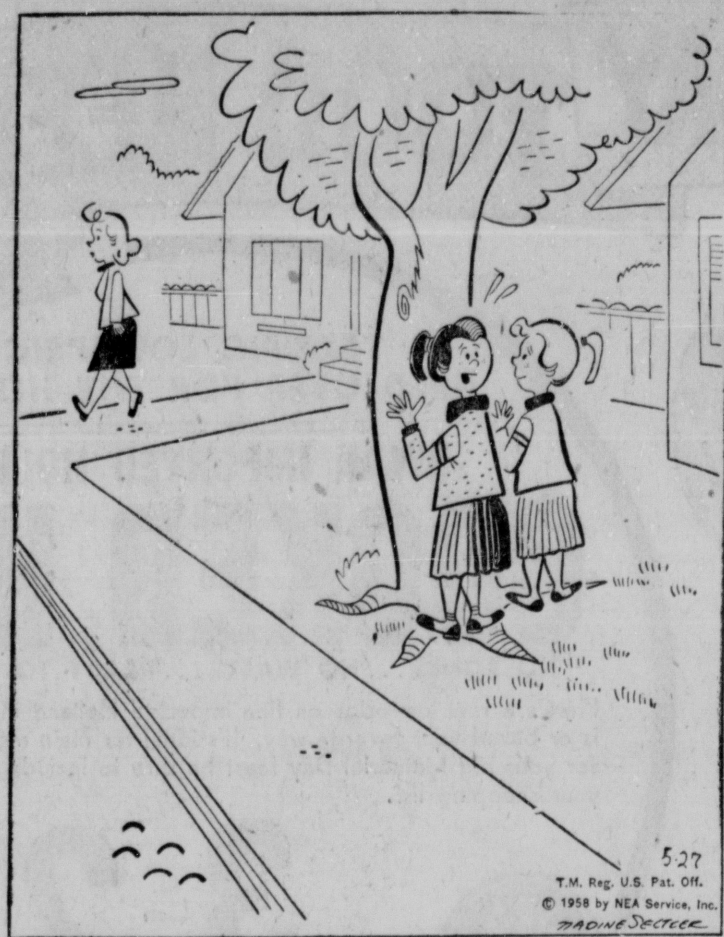

On his second voyage in 1493, Christopher Columbus brought cattle, hogs and sheep to the New World. Apparently none of these animals lived in America before that time. Other early explorers also brought livestock. Fernando De Soto took 13 hogs to Florida in 1539. In three years these 13 grew into a herd of 700.

C of C Membership Progress Report

A very favorable membership progress report was released today by the Kingston Area Chamber of Commerce.

The fiscal year only started on May 1st and 325 memberships were reported for 1958-59 by Paul F. Steinkuller, chairman of the membership committee. This includes 296 renewals and 29 new memberships at the basic annual dues rate.

In commenting on the report, Chamber President Robert L. Sabin expressed great optimism and stated that returns to date practically the same as they were on the same date a year ago, in spite of the increase in the basic dues rate voted by the membership.

Both Mr. Sabin and Mr. Steinkuller wished to remind all Chamber members that the classified directory will go to press about mid-June and only active members will be listed. "This is one of the direct services to members," Sabin said.

Farmhand Held On Assault Count

ERIE, Pa. (AP)—A young farmhand who, state police said, fired several wild shots and then fled from a New York farm was arrested here Monday.

Richard McGuary, 20, of Sherman, N. Y., was turned over to authorities from his home Chautauque County. He was charged with assault and held for further investigation.

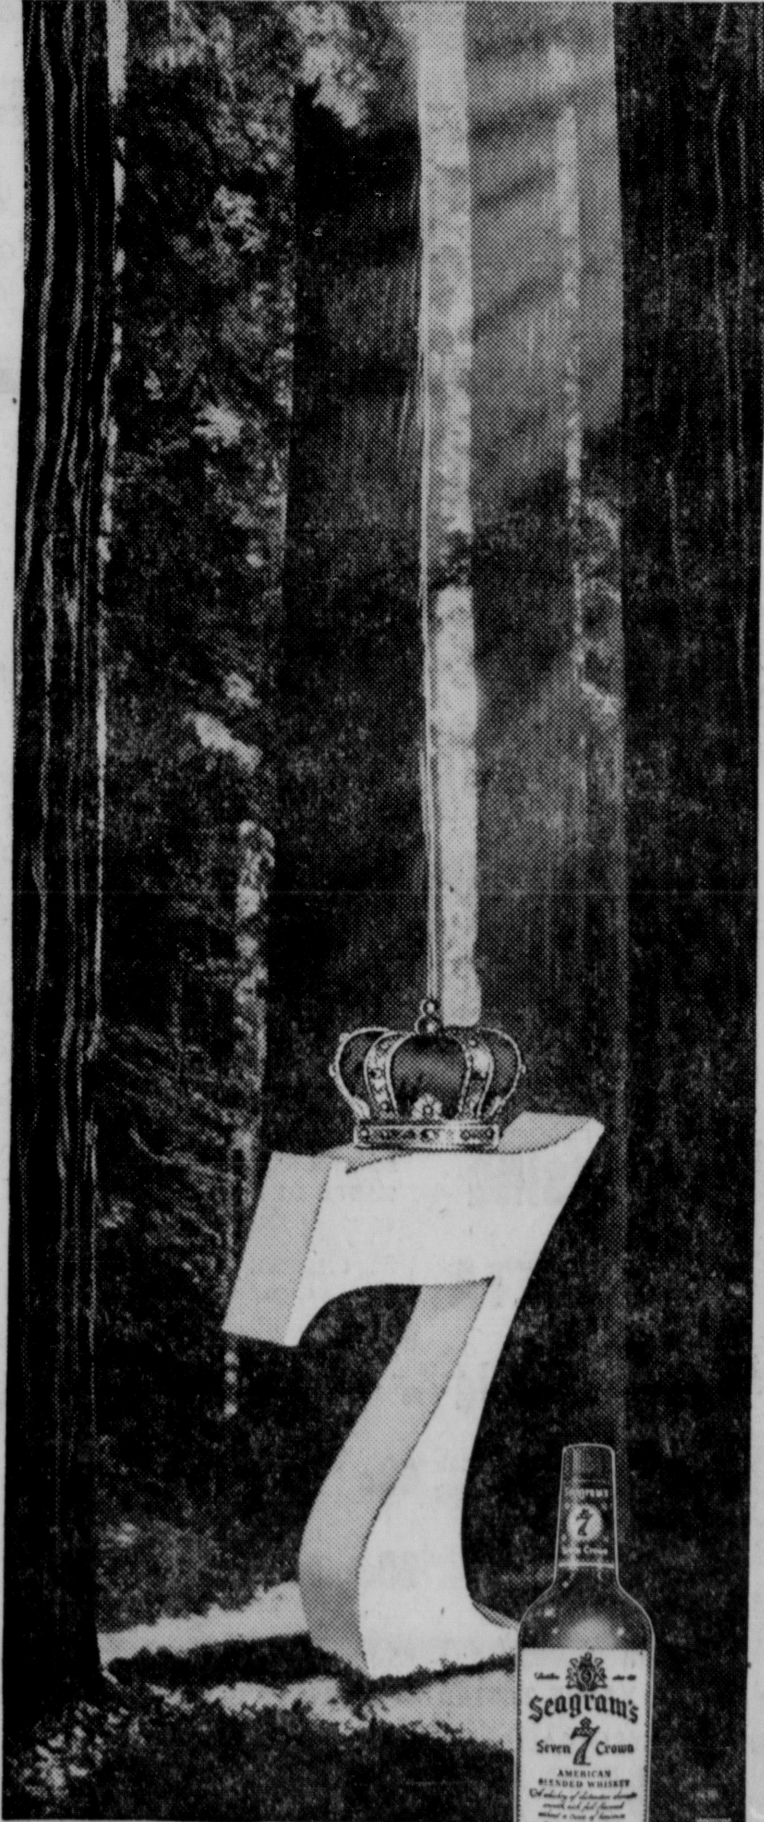

Police said McGuary became involved in an argument last Saturday on the farm of Ralph Plumb, where he worked. He fired several shots with a .22 caliber rifle. All went wild.

McGuary fled into the woods with the rifle and a large supply of ammunition before they arrived, police said.

He was picked up in North East Township, about 15 miles east of here.

About 150 to 200 horseshoes are used in the making of a violin bow.

Say Seagram's and be Sure

Do You Remember by Sophie Miller

Although railroads seems to be on their way out around here still questions come up about them. In the Kingston Argus of Wednesday, October 31, 1894, found some items when railroads were our most important means of transportation. One item reads: "The Ulster and Delaware Railroad Company are putting in water works at Big Indian to supply the depot and engines with water. They lead the water through iron pipe nearly one mile from a mountain brook led by springs. The trackmen under supervision of Jarad Cisco, the roadmaster, are doing the work."

Other items read: "The Roch-

ester Bridge Company's men are placing the sections together for the new iron bridge at Brodheads. They have the Snyder Hollow bridge in position. Next to these will be the Big Indian bridges. Thomas Cornell Hornbeck, paymaster on the Ulster and Delaware, Stony Clove and Kaaterskill Railroads, passed over the different roads on Friday week to pay the employees. The Kaaterskill road discontinued running trains for this season on Monday, Oct. 22. The Walkill Valley and Ulster and Delaware roads are two important feeders to the West Shore, and notwithstanding the panic this season has been one of their largest, both in freight and travel."

Back in those days Louis Evans advertised as "The Working Man's Friend" and he was moving from 56 Broadway to 36 Broadway, opposite Abbel Street in Rondout. He advertised "Never Rip Pants" from 50 cents and up. He had all wool suits to measure for \$12. He had a tailor in his establishment.

In the Kingston Argus of Jan. 17, 1894, they had such historical items as: "The first five Presidents of United States ended their terms of service in the 66th year of their age, and had John Quincy Adams been elected for a second term he also would have ended his term in his 66th year." Some times such information is necessary for winning TV prizes. Two other items in this

column were: "The first ice-cream freezer was invented by a woman in 1843." Name of woman is not given. Also, as early as 1791 a United States patent was granted for a machine for making nails."

This paper is full of stories, very few local items and some advertisements. There is an Accord item about Charles Markie who had quite a collection of wild animals at his place at Accord, and told how he occasionally gave exhibitions for the benefit of his friends. It also told about W. O. Haines giving an exhibition of fancing skating on the canal on Tuesday (January 1894). The item further goes on to say: "A great deal of interest is being manifested in the coming skating tournament, to take place on the canal as soon as the ice is favorable. The contestants are Dr. T. O. Kea-

tor, Ex-PM W. O. Haines, captain M. Coddington, Professor H. D. Gillespie, Jack Wackman, Esq., and Ex-Excise Commissioner C. C. DeVoe."

Another item: "Daniel U. Fowler, of New Jersey, has in his possession a pork barrel that is 170 years old, and has been used every year during that time and is at present packed with pork for next year's use. His father, Isaac Fowler, was married 52 years and the pork barrel had been used during that time by his family."

Ups and Downs of French Republics —

Political crises are nothing new in France. Sketched above is succession of governments that have ruled the country since the revolution of 1792. The guillotining of King Louis XVI in 1793, ended the feudal system in France. It made way for the First Republic. Disorganization and lack of leadership paved the way for Napoleon Bonaparte to march from military leader to First Consul of the Republic to Emperor as Napoleon I in 1804. A disastrous campaign in Russia and finally complete defeat forced Napoleon into exile on Elba in 1814. The feeble rule of the restored Bourbons made his return easy. But, following the famous "Hundred Days" (March-June, 1815), and the crushing defeat at Waterloo, Napoleon was exiled for good. Following the bloody political

revolution of 1848, Louis Napoleon, nephew of the first Emperor, was elected president of the Second Republic. Later, heading the Second Empire as Napoleon III, his armies were beaten by Bismarck in the Franco-Prussian War of 1870. Humiliating concessions to the Germans forced him from power. The Third Republic was formed in 1871 with Louis Thiers as its first president. This unstable government (99 cabinets in its first 65 years) lasted until World War II. Following the war, General de Gaulle, leader of the Free French, took control of a provisional government which was replaced, in 1947, with the Fourth Republic. Its first president was Vincent Auriol.

Ask ICC to Act

WASHINGTON (AP)—The Nickel Plate Railroad again has asked the Interstate Commerce Commission to order the Lackawanna Railroad to give up its Nickel Plate stock.

Nickel Plate, in a new petition yesterday, suggested the ICC consider what would happen if the Lackawanna and the Delaware & Hudson should merge with the Erie. Such a merger is being discussed, Nickel Plate said. The Erie and Nickel Plate com-

pete for business between Buffalo, N. Y., and Chicago.

The railroad asked that the commission review a recent ruling by a three-man ICC division that Lackawanna could retain its Nickel Plate stock if it were placed in a tight voting trust.

Nickel Plate said it did not consider the recommended trust arrangement tight enough to cover the contingency of a Lackawanna consolidation.

Sam Houston served as United States senator from Texas from 1846 to 1859.

Fights Abuses

RICHMOND, Va., (AP)—The Most Rev. Peter L. Ireton, bishop of the Catholic Diocese of Richmond, has urged the 145,000 Catholics in his jurisdiction to fight abuses of the Sabbath. In a letter read at all masses the bishop said if the people do not purchasing the Sunday places of business will close and many compelled to work will be freed from Sabbath labor.

Henry Hudson discovered the island of Manhattan in 1609.

182 Employees Feted

WASHINGTON (AP)—The Agriculture Department honored 182 of its employees today for achievement and years of service.

Superior service awards included:

Joseph A. Beaulieu, agricultural research service, Gloversville, N. Y.—for unusual initiative and leadership in directing a plant pest control operation and for ability to train inexperienced workers effectively and rapidly.

Lefkowitz Holds To Own View on Press, Blotters

ALBANY, N. Y. (AP)—Atty. Gen. Louis J. Lefkowitz has rejected a request that he lift a qualification from his opinion that newsmen may inspect police blotters.

Last year, Lefkowitz held that police should make the blotter information available unless disclosure would hamper the investigation of a crime.

The New York Post, the New York Daily News and the New York Herald Tribune asked him to reconsider that point.

They cited a Court of Appeals opinion that state law expressed "a strong legislative policy to make available to public inspection records or other papers kept in a public office." The court said the policy should be given the broadest possible interpretation.

In answering the newspapers Monday, Lefkowitz said there was

no conflict between his opinion and that of the court.

He insisted that the possibility that disclosure could interfere with police investigations was the

"overriding consideration." While police could withhold information during a probe, he added, they should release it when an arrest is made.

The blotter lists all complaints received and all activities at a police station. It is separate from records of arrest and arraignments.

Ad Agency Head Falls to Death

NEW YORK (AP)—The president of an Albany advertising agency fell 18 floors down an elevator shaft to his death Monday night.

Police described the death of Tedford L. Woodard, 38, of Turner Lane, Loudonville, as an apparent accident.

Woodard had been visiting a friend, Tedd Joseph, at the latter's penthouse apartment in a fashionable Manhattan building.

Joseph said he left Woodard in the apartment when he went to dinner.

Later, other tenants of the building heard a muffled noise. They investigated but could not discover its source.

Then, a handyman, checking the service elevator when it failed to operate, found Woodard's body beneath the car.

Detectives said part of the door of the elevator, which was about 20 feet from Joseph's apartment, had been off its track. The matter was reported to the Department of Housing and Buildings.

Woodard was president of Woodard, Voss and Hevenor Inc., an advertising agency of Albany.

He was married and the father of four.

THIS 'N' THAT

Dear Reader: Did you ever try to tell your troubles to a friend? He'll heave a sympathetic sigh, and then his ears begin to look around; then he will teeter to and fro. And he will gaze upon the ground and mumble, "Really? Is that so?" The longer you recite your woes the less his interest will become. Then, on the instant that you close, he'll start to beat his own "bassdrum." And if you thought your troubles bad, just listen to your friend recite: For fate has pounced upon this lad and pummeled him both day and night! And so I've come to understand: Our happiness we would enclose. While, strangely, on the other hand, we all would like to share our woes.—Karl Flaster.

Thomas Hardy was once a guest at a literary dinner where the conversation centered around the pronunciation of certain words. A member of the company turned toward Hardy and said, Member—Have you ever noticed that in the entire English language, there is only one word beginning with "su" that is pronounced as though beginning with "sh"? Hardy—Really, what is the word? Member—Sugar. The novelist assumed an expression of interest and quietly remarked, Hardy—Are you sure? Attorney—Now, sir, did you, or did you not, on the date in question, or at any other time,

Dr. Cohn Makes Fine Recovery

Dr. Hans Cohn has been in the Kingston Hospital since Wednesday. He was operated on for an intestinal obstruction. His many friends in the area will be happy to learn he is gaining steadily.

Another well known Woodstock resident, Harry Temple, the popular artist, was taken to Kingston Hospital Monday. His condition was reported as good today.

Garden Club Sets Civic Contest

The Woodstock Garden Club today announced plans for a civic improvement contest open to all merchants and business people in the community.

Florence T. Hubbard, president of the club, said the contest is designed "to increase the charm of our village and to attract visitors who come to enjoy the culture of our community."

It is suggested that merchants and business people improve their places of business with such items as flower boxes, potted plants, shrub plantings, etc. The Garden Club will award the place showing the most improvement for the summer of 1958 a certificate which may be displayed on the premises of the winner until the spring of 1959, when a new contest will be opened.

The contest is contingent upon receipt of entries of five or more contestants. Premises of contestants will be inspected about the middle of June and again in late July when the certificate will be awarded. Firms wishing to enter the contest should send their names to Mrs. J. K. Inness, secretary, Bearsville.

First Show Entry From Binghamton

The first entries for the forthcoming 12th annual Spring Show to be sponsored by the Woodstock Riding Club, Inc., have been received from James F. Rice, Binghamton. The event will take place on Sunday, June 15, at the club's Ohayo Mountain ring. Woodstock and will be conducted according to the rules of the American Horse Shows Association of which the local organization is a regular show member.

Three-year old Roan, Go-Boy's Ballerina and Mark of Merryson, a three-year old Bay, owned by Mr. Rice have been entered in the \$125.00 Stake and other classes in the Walking Horse division.

Rice is a colorful and popular exhibitor in the show ring. He has competed in the Woodstock recognized show almost every year since its inception.

For the purpose of being listed in the catalogue, entries close on Sunday, June 1st. Post entries will be accepted at an additional fee but all entries must be in one hour before the class is called.

Prize lists are available and may be had from Mrs. Charles Goodrich, show secretary, Woodstock.

Two Camperships Awarded to Winners

A fifty-up ceremony by the Brownies and the award of two camperships highlighted the annual Ontario Girl Scout Neighborhood's Court of Awards at the Ontario Central School.

Mrs. Arthur Henkle, retiring chairman of the Neighborhood, presided and announced the award of camperships to Miss Lynne Muller, daughter of Mr. and Mrs. Charles Muller of West

Materialism Topic At Christ Scientist

How spiritual enlightenment brings freedom from the bondage of materialism will be brought out at Christian Science services Sunday in Woodstock.

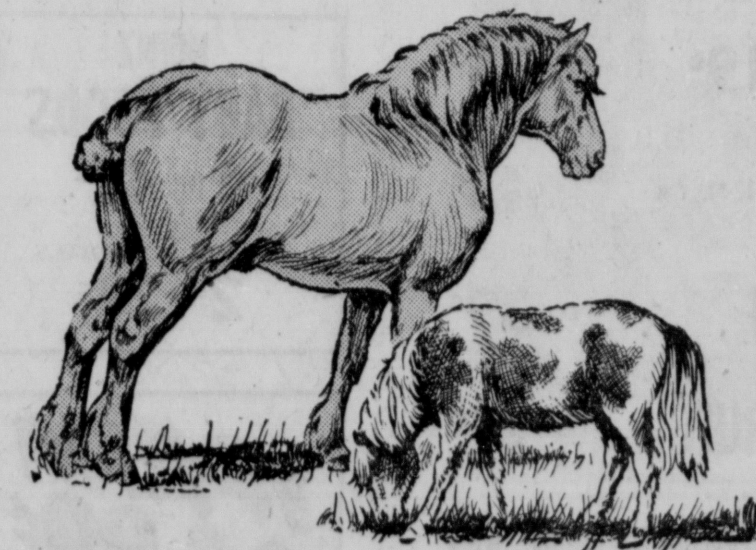

Keynoting the lesson-sermon entitled "Ancient and Modern Necromancy, alias Mesmerism and Hypnotism, Denounced" is the Golden Text from Romans (12:21): "Be not overcome of evil, but overcome evil with good."

From "Science and Health With Key to the Scriptures" by Mary Baker Eddy will be read the following (227:24-26): "Citizens of the world, accept the glorious liberty of the children of God, and be free! This is your divine right."

Scriptural readings will include the following from Romans (13:12): "The night is far spent, the day is at hand; let us therefore cast off the works of darkness, and let us put on the armour of light."

3 Glasco Women Injured in Crash

Three Glasco women injured in an automobile accident on Foxhall Avenue Monday night involving a parked car, were treated at Benedictine Hospital and released.

Kingston police listed the injured: Mrs. Jeanette Naccarato, 38, driving a 1957 station wagon owned by her husband, James Naccarato, injuries to nose and left leg.

Mrs. Lillian Ferraro, 45, a passenger in the station wagon, lacerations of the right elbow and tibia.

Mrs. Margaret Davi, 43, also a passenger in the Naccarato vehicle reported injuries to her head, neck and right knee.

According to Patrolmen Louis Sapp and Wilmont Hall, Mrs. Naccarato driving her husband's station wagon south on Foxhall Avenue, was forced off the road to the curb by an unknown vehicle, and struck a parked 1955 sedan owned by Mrs. Mary E. Scism of 214 O'Neil Street.

The mishap occurred about 8:15 p. m. Police reported damage to the front end of the station wagon and the Scism car received damage to the left front fender, lights, door, bumper and trunk.

Attempted Entry Told

An attempted break-in over the weekend at Armour & Co., 19 Dederick Street was reported to Kingston police Monday afternoon. According to the police report entry was attempted through a rear double door and a hasp on the outer door had been

removed. No entry was gained as the intruders were unable to force through the inner door which leads to the meat cooler. Patrolmen Raymond Wells and Richard Scherer investigated the call.

Congress Still Faces Problems Before Quitting

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — Congress, anxious to get home for the November elections, has a hatful of problems to solve before it quits. It's almost June 1. At the rate it's going, Congress won't get out of here before sometime in August.

Here are major pieces of legislation still unfinished: defense reorganization, Alaskan statehood, taxes, labor reforms, foreign aid, reciprocal trade, extended unemployment pay, and a space agency.

Must Vote Funds

In addition, action still has to be taken on the usual appropriations bills — voting the money to keep the government agencies running another year.

Defense Reorganization—Neither house has acted on this yet. President Eisenhower months ago asked for a streamlining of the Defense Department.

Alaskan Statehood—Giving Alaska statehood is a question kicked

around in Congress for years. The House may decide yes or no this week. If the House boots this aside, no Senate action will have any meaning.

If the House approves, the Senate may still stall because approval of statehood for Alaska is almost certain to bring pressure on the Senate to approve statehood for Hawaii too.

Taxes—Monday President Eisenhower came out against an income tax cut, even though there is a recession. So it's unlikely those taxes will be chopped this year.

Must Act on Taxes

But unless Congress acts to stop them, there will automatically be reductions July 1 on corporation taxes — from 32 to 47 per cent — and on certain excise taxes, most of them imposed during the Korean War.

Eisenhower asked Congress not to let the automatic reduction take place, for it would mean a loss of about three billion dollars in revenue to the government.

Labor Reforms — By mid-June

a bill to put some curbs on unions or at least on union bosses — should land in the Senate's lap for consideration. This is a hot potato.

If the Senate approves some kind of reform bill, there still won't be any reform unless the House also gives its okay. And maybe the House won't.

Foreign Aid — The House has passed a foreign aid bill, and it may get Senate consideration this week. There's no question foreign aid will be continued. The only question is: How much will Congress cut it?

Eisenhower asked \$3,900,000,000. He won't get that much. But first Congress must approve an authorization bill — which sets a limit on how much can be spent — and then it must vote the actual appropriations. That's another eight weeks away.

Reciprocal Trade — Neither House has acted on this yet. The House may start debate on it this week. But it will be sometime in June, at the earliest, before the Senate acts. Some kind of reciprocal trade bill is sure to be passed.

Again the question is: What kind? Eisenhower asked that his power to make agreements with other countries — to lower tariffs on their goods if they do the same on American imports — be continued another five years.

There's been a lot of pressure to boost, not lower, tariffs on imports which compete with American industries hard hit by the recession.

Extended Unemployment Pay — The House has approved a bill to give federal loans to states which want to extend unemployment pay to jobless workers who have already used up all this kind of pay

REUNION IN NEW YORK—Old comrades in arms, Field Marshal Viscount Montgomery and President Eisenhower engage in animated conversation at a dinner in New York. Montgomery, who served as Eisenhower's deputy commander of Allied Forces in Europe, flew in from Canada where he was conferring on military matters. Mr. Eisenhower was the principal speaker at the dinner.

to which they're entitled. The Senate starts on it today.

Space Agency — Neither house has yet acted on a bill to establish civilian control over developments for the exploration of space. In addition to all these items, there are other odds and ends which Congress may tackle before adjourning.

Vehicle Bureaus Open Saturday

ALBANY, N. Y. (AP)—All Motor Vehicle Bureau offices will be open Saturday morning to handle the usual last-minute rush to, renew chauffeurs' licenses.

The offices will be open from 9 a. m. until noon. Normally they are closed on Saturdays.

Bureau offices will be closed Friday for the Memorial Day holiday.

An estimated 750,000 chauffeurs' licenses expire at midnight Saturday. Truck drivers are included in this category.

Wanders Off, Drowns

NIAGARA FALLS, N. Y. (AP)—Three-year-old Linda Abel was drowned Monday when she wandered away from her grandmother and fell off a bank into a lake in a city park.

She had been walking in the park with her grandmother, Mrs. Helen Mojeski. A passerby found her body floating face down in about three feet of water. She was the daughter of Mr. and Mrs. James Abel.

Harriman Urges Tougher Rules To Prevent Fires

ALBANY, N. Y. (AP) — New York's fire prevention efforts came in for sharp criticism at a statewide conference here Monday.

Gov. Harriman observed that New York had not "done so well" in this field. He urged more stringent regulations particularly on the use of portable oil heaters. They are blamed for many fires.

More than 500 fire chiefs and other city, state and national officials attended the day-long meeting on fire prevention. It was called by Harriman.

Percy Bugbee, general manager of the National Fire Prevention Assn., suggested that the office of state fire marshal be created to administer and enforce fire safety regulations now on the books. He also recommended that all homes in the state be checked annually by their local fire departments.

Harriman attacked as a "sham" a new state law designed to control the use of portable burners. The measure was passed by the

'58 State Traffic Deaths Equal '57

ALBANY, N. Y. (AP)—Despite highway safety talk, about the same number of people died in traffic accidents in New York State in the first four months of 1958 as in 1957.

There have been 601 deaths from Jan. 1 to April 30, compared with 597 for the corresponding 1957 period, the Motor Vehicle Bureau reported yesterday. The number of fatalities dipped slightly last month, 154, compared with 157 in April 1957.

Republican-controlled 1958 Legislature. Harriman said he signed it only to point up the need for controls.

Enforcement is up to the State Health Department. Harriman said the department was inadequately equipped for such a task.

Tests Show Bullet From Anzalone Rifle

MIDDLETOWN, N. Y. (AP) — Ballistics tests have identified the hunter whose bullet accidentally killed Mrs. Dominica Sugg, 34, of New York City.

State police of the Hawthorne barracks reported to authorities here yesterday that the tests showed the .22 caliber bullet came from the rifle of John Anzalone, 26.

Anzalone and Silvio Burdo, 27, both of Corona, Queens, fired at the same time at what they thought was a woodchuck.

Mrs. Sugg, who had peered over the crest of a ridge during a hunting trip here on May 18, was hit in the head and died almost instantly.

Mrs. Sugg and her husband, Conald, 33, of Astoria, Queens; Anzalone, Burdo and another couple had come here to hunt woodchucks together.

Orange County Coroner Kenneth March ruled the death accidental. No complaint was lodged.

Tiny Barbecued Meat Balls Make Delicious Appetizers

BY GAYNOR MADDOX

NEA Food and Markets Editor

Bite-sized barbecued meat balls make festive hot appetizers before an outdoor meal—easy to prepare, too. Simply put tiny meat balls on skewers or a long-handled fork and cook over your charcoal grill. Have a tangy barbecue sauce ready for dunking and toothpicks for individual service.

Barbecued Meat Balls

One pound ground beef, ½ pound ground mild pork sausage meat, 1 egg, 1 package old-fashioned French salad dressing mix, 1 tablespoon chopped green pepper, 2 teaspoons chopped parsley, 1 tablespoon chopped onion, 3 tablespoons dry bread crumbs.

Combine ingredients and mix well. Form mixture into small meat balls—about one inch in diameter. Place meat balls on skewers and grill 10 minutes. Serve as appetizers with herb sauce.

Note: Meat balls may also be broiled 10 minutes on rotisserie rack placed in lowest position, or browned and cooked in a skillet.

Herb Sauce (Makes 1½ Cups)

Three teaspoons old-fashioned garlic salad dressing mix, 1½ cups chili sauce.

Combine salad dressing mix and chili sauce, mixed well. Serve with barbecued meat balls.

TOMORROW'S DINNER: Barbecued meat balls with herb sauce, grilled chicken broilers, vegetable salad, French dressing, French bread, butter or margarine, fruit platter, cookies, iced tea, iced coffee, milk.

PORTENT of good things to come at that outdoor meal are these appetizer-size barbecued meat balls. They dunk in tangy sauce.

Seaway Tolls May Be Known July 1

OTTAWA (AP) — United States and Canadian officials hope to announce a toll schedule for the St. Lawrence Seaway by July 1.

Toll committees of the two governments are expected to meet within the next two weeks to make a final decision on the toll formula. It was learned here Monday.

It was reported the toll formula likely would range a few cents under the previous general targets of \$1.25 a ton for packaged freight and 50 cents a ton for bulk cargo. The committees will submit the proposal to the seaway authorities in each country and they, in turn, would schedule public hearings. After the public hearings, the

authorities will pass their recommendations to the respective governments for a final decision. An official here said the process should be completed in time to allow the formula to be announced by July 1.

State Sculptor Dies

ALBANY, N. Y. (AP) — David C. Lithgow, Scottish-born painter and sculptor, died Monday at his home on nearby Green Island after a long illness. He was 88. Lithgow painted the backgrounds for the Indian groups in the State Education Department's museum. He also did murals for Albany banks and schools, as well as for civic auditoriums in Cleveland, Ohio, and Long Beach, Calif. He came to the United States in 1890.

Rosemary Henebery Weds John J. Melfie
Saturday, May 24 at St. Joseph's Church

MRS. JOHN J. MELFIE

Miss Rosemary Henebery, daughter of Mr. and Mrs. John J. Henebery Sr., 35 Lucas Avenue, became the bride of John Joseph Melfie, East Greenbush, Saturday, May 24 at 3:30 p. m. at St. Joseph's Church.

Officiating clergyman was the Rev. James V. Keating. Mrs. Frank Rafferty was the organist. Soloist was Mrs. Fred L. Renn, who sang "Panis Angelicus" and "Mother Beloved."

Given in marriage by her father, the bride wore a waltz length gown of imported hand-clipped Chantilly lace fashioned with basque bodice, illusion neckline with stand-up collar. Her headpiece was a Juliet cap of Chantilly lace with elbow length veil of silk illusion. The bride carried a prayer book with a cascade of stephanotis.

Miss Catherine M. Henebery of 35 Lucas Avenue, sister of the bride, served as maid of honor. She wore a gown of iri-

descent nylon chiffon of turquoise over lilac with fitted bodice and waltz length skirt. Miss Henebery also wore a lilac horsehair cartwheel hat with matching chiffon covering. She carried a cascade of Queen Anne's lace flowers.

Thomas W. Henebery, brother of the bride, was the best man. Ushers included William J. Claffie of East Greenbush and J. Paul Vadnais, Brookview.

A reception was held at the Governor Clinton Hotel immediately following the church ceremony.

The bride was formerly on the staff of the Albany Hospital, Albany. Her husband is engaged in the real estate and insurance business with offices in East Greenbush.

The bride wore a beige silk suit with beige and white accessories for her trip south.

Mr. and Mrs. Melfie plan to make their home in East Greenbush.

Rosalie Lizeckis Weds Catskill Man In Cementon Church

St. Mary's Church, Cementon was the scene of the marriage of Miss Rosalie Lizeckis, daughter of Mr. and Mrs. Joseph Lizeckis of Cementon, and Alex Chaturma, son of Mr. and Mrs. Michael Chaturma of Catskill Saturday, May 17 at 10:30 a. m.

The couples exchanged vows before a Nuptial Mass celebrated by the Rev. Philip Zingarelli, pastor of St. Mary's Church.

For the occasion the sanctuary was decorated with white gladioli.

Mrs. Aleksander Narel of Lake Katrine, organist of St. Mary's Church, Saugerties, sang Ave Maria and Panis Angelicus to her own accompaniment on the organ.

The bride given in marriage by her grandfather, Frank Wyszomirski, was attired in a white chiffon gown fashioned with fitted bodice and draped Sabrina neckline. The full flowing skirt featured a court train. Her cap consisted of an embroidered iridescent bridal bonnet which secured a French illusion veil. She carried a white prayer book with white orchid and lilies of the valley.

Sister of the bride Miss Josephine Lizeckis served as maid of honor and wore a waltz length gown of white chiffon with a pattern of orchid roses, styled with a shirred and molded bodice and square neckline. She wore a picture hat to match her gown and carried a cascade of orchid colored roses with stephanotis.

The bridesmaids were Miss Jean Gordiano of West Camp and Mrs. Eleanor Madal of Kingston. Both were attired in maize gowns identical to the maid of honor's, and carried

identical bouquets of yellow roses and stephanotis.

Peter Kraljevich of Cementon served as best man and the ushers included Steven Madal of Kingston and Victor Ferretti of Cementon.

Following the ceremony, a reception for 175 guests was held at Tropical Inn, Port Ewen.

The newlyweds will reside in Cementon following the wedding journey by plane to Florida.

The bride's mother was attired in a navy blue lace gown with matching accessories. The gown of light blue lace over chiffon with matching accessories.

The bride is an employee of IBM, Kingston and the bridegroom is employed by Lehigh Cement Co., Aisen.

Gauthier - Sapone Betrothal Announced

Mrs. Jeanne Bollin of Kerhonkson announces the engagement of her daughter, Rosabel Jeanne Gauthier, to Louis Peter Sapone Sr., of Creek Locks.

Miss Gauthier is an employee of IBM in Kingston. Mr. Sapone is employed by Fabbie Brothers Snackbar, Kingston.

The wedding will take place June 28.

MRS. JAMES RONALD CUNIFF

Holloran - Cuniff Wedding Is Announced; Couple Plan to Make Home in Missouri

Miss Norine Janet Holloran, daughter of Mr. and Mrs. Charles L. Holloran of Mechanicville, became the bride of James Ronald Cuniff, son of Mr. and Mrs. James H. Cuniff of Hurley.

The ceremony was held Saturday, May 24, at 12 noon in St. Luke's Episcopal Church, Mechanicville.

Officiating clergyman was the Rev. Robert G. Field.

The bride was given in marriage by her father.

She wore a tulle gown designed with a back flowing skirt traced with silver and pink embroidered ribbon ending in bows of pink. The round neckline and empire waistline were trimmed with same silver and pink embroidered ribbon. Her elbow and fingertip length veils fell from a cap of white organdy. She carried a cascade bouquet of white lilies, tulips and green ivy.

Mrs. Kenneth Dearden of Grafton, Mass., was the matron of honor. She wore a gown of pale pink organdy with lace insertions at the hemline. Her headband was styled as a bow of pink organdy with a circular veil. She carried a crescent shaped bouquet of purple lilies and blue iris.

Attendants included Miss Alice Jackson of Troy and Mrs. Marcia Murphy of Albany. Their gowns were similar to the matron of honor except in light blue organdy with matching bow headpieces of the same material with a circular veil. They carried crescent shaped bouquets of purple lilies and pink tulips.

Miss Christine Holloran of Nixon, N. J. served as flower girl. Her gown was of white organdy with an underskirt of lavender. A sash of lavender ribbon accented the waistline. Miss Holloran also wore a bonnet shaped hat of white eyelet trimmed in lavender and velvet ribbons. She carried a basket of white lilies, pink and yellow tulips.

Robert Engelstadt of Schenectady was the best man. Ushers included David Black of Rockingham, N. C., and James Smith of Columbus, Ohio.

The bride is a graduate of Mechanicville High School and

Bruce Heeb Named Class Salutatorian

Bruce Heeb, son of Mr. and Mrs. Charles A. Heeb of Rhinebeck, and a grandson of Mrs. Chester Pearson of 138 Wrentham Street, has been selected salutatorian of the 1958 graduation class of Rhinebeck Central School. With an average of 91 per cent, he majored in mathematics and science, and has been accepted at Union College, Schenectady, to major in engineering. He has received a Union College \$800 annual scholarship, given to students maintaining high scholastic averages as well as participating in extra-curricular activities while at high school.

Mr. Heeb is president of the Alice T. Daley chapter of the National Honor Society, has been active in band, mixed chorus, varsity choir, hall patrol, Audio Visual Club, sports, senior play and Patron staff.

Miss Julia Hyland is valedictorian of the class, her average at high school being 91.5 per cent.

Broadway Veteran Signed for Empire Music Production

Still more Broadway luminaries have been added to the roster of stage personalities to appear beginning in July at the Empire State Music Theatre at Ellenville.

Will Mahoney, Broadway veteran, has been signed for "Guys and Dolls" Frank Forest, general manager of the Empire State Music Festival, has announced. "Guys and Dolls" will play for six performances commencing July 29.

Mr. Forest also made known that Betty Carr will have the part of Lola in "Damn Yankees," starting August 5.

Jet MacDonald will be featured in "Brigadoon" which goes on stage for six nights at Ellenville starting on July 8.

An innovation this season, Mr. Forest said, is the fact that all seats will be inside the tent. There will be no seating on the perimeter outside the tent as in past years.

In all there will be 1,700 seats. The first eight rows of seats will be at floor level. From the ninth row back the seats will be elevated gradually to insure all patrons a clearer view from every seat in the tent.

Another key personality was signed to a contract last week in the person of Matilda Morse who will direct the choreography.

After hearing the Symphony of the Air in a concert last week Mr. Forest said he had immediately re-engaged the orchestral group to appear here for the final week of the season, August 19-24. The Symphony of the Air has been the resident orchestra for the first three seasons of the Empire State Music Festival.

"Many of the original members have rejoined the orchestra, Mr. Forest said, and they never sounded better."

Mr. Forest emphasized that there will again be no skimping in the casting, staging and direction of the productions of the current season. "Already," he said, "the budget has passed the \$150,000 mark."

Orson Bean, who is to star in "Where's Charlie?" starting July 15, gathered new laurels for himself last week while substituting for Jack Paar on the NBC hit TV show.

The big tent will rise again next week on the Empire State Music Festival site and Mr. Forest has invited music and theatre lovers to visit the site where they can watch preparations for the opening on July 1.

School 7 P-TA Is To Meet Wednesday

The final meeting of the Parent Teachers Association of No. 7 School will be held Wednesday, May 28, at 7:30 p. m. at the school. An operetta and musical program will be given under the direction of Miss Rebecca Hughes and Miss Lulu May Roberts. If weather favors, the program will be held outdoors on the Crown Street side of the school. A short business meeting will follow and refreshments will be served.

Latvian Girl Named To Empire Girls' State by Auxiliary

AGIDA SERDIENIS

The Ladies Auxiliary of Rosendale-Tillson Post, 1219, American Legion, has announced the selection of Agida Serdienis, 17, of Tillson as a representative to Empire Girls State to be held June 20-28 at State University Teachers College, New Paltz.

She is a daughter of Karl and Maria Serdienis of Tillson, born in Latvia in 1940. Her parents were college graduates and her father a well to do business man until World War 2 broke out and in order to escape death by the Russians, the family left all their belongings and fled to Austria.

In Austria they had to struggle against starvation and bombs. From Austria they went to Germany where they lived six years, finally arriving in America in 1950.

Agida, more familiarly known as Aggie, is a junior at Kingston High School. She has played in the Girls Basketball Intramurals, is a member of the Art Club and German Club. Her favorite sports are swimming, baseball, basketball and dancing. She is a member of Immanuel Lutheran Church of Kingston, Bible Class and Waiher League. After graduation from high school she plans to attend business school.

Girls State Conference is sponsored by the American Legion to acquaint junior citizens with the responsibilities of government.

Third row (l-r) Jeffrey Williams, Carol Lowe, Kenneth Millham, Dorothy Staeth, Caroline Miller, Thomas Klomps, Scott Kennedy.

Confirmation Held at Reformed Church

Fifteen young boys and girls were received by confirmation into the Reformed Church of the Comforter Sunday. The service of reception and communion was conducted by Dr. Stephen James, president of the Theological Seminary at New Brunswick, N. J. Assisting in the service was Patrick R. Vostello, who is on call to be Pastor of the church effective July 1. The confirmation class to prepare the boys and girls for this decision was taught by Mrs. Leroy Van Bramer.

Mr. Vostello graduated from the seminary this past week and the Church of the Comforter will be his first church. He will be ordained as a minister in the Reformed Church of America in June.

Dr. James referenced the scriptures of Romans 12:2. "Be not conformed to this world; but be ye transformed by the renewing of your mind, that ye may move what is that good and acceptable and perfect, will be God."

Hyde Park Playhouse Opens Fifth Season; New Producer Named

Harry Mastrogeorge, producer-director of the Hyde Park Playhouse, announced that the Playhouse will open this summer for its fifth season. Hyde Park Playhouse will run a 10-week season beginning June 30. Schedule of plays will be released shortly.

Mr. Mastrogeorge, who received his original theatre training with the Pittsburgh Playhouse and Caravan Theatre and School, is a graduate of the American Academy of Dramatic Arts in New York City. As an actor he has toured with summer theatres and has appeared on a number of leading television shows. In the theatre production field, he has worked as

technical director and scenic designer for summer theatres. During his Army career, Mr. Mastrogeorge served as director for the Special Service Department putting on shows for the Armed Forces. He has been a resident director with summer theatres and also directed star packages. Now a faculty member of the American Academy of Dramatic Arts, he serves as director-instructor.

Mr. Mastrogeorge is bringing with him a resident company of professional Broadway players. "It is our aim," he said, "to build at the Playhouse a good solid resident company that will last for years."

Plans are now underway for the sale of subscription tickets. Anyone interested in buying subscription tickets or planning theatre parties, should get in touch with the Hyde Park Playhouse.

TAKING WEEKEND PRESENT

Dear Mrs. Post: There seems to be a disagreement about the necessity for taking presents to one's hostess when going to spend a weekend at her house. Some say a present is necessary; others say no. So, to get this straight, will you please tell us just what is customary—according to etiquette among well-mannered guests.

Answer: Etiquette does not exact that anyone take a gift to his (or her) hostess or even that anything be sent afterwards—except a thank-you note after having stayed in her house for a night or longer. On the other hand, to take a box of candy is a courteous gesture that many people like to make. Where there are children guests often bring them toys. They may be no more than trifles, but children are always so pleased with a present—and this naturally pleases their mother, too.

Courtesy to a Priest

Dear Mrs. Post: Several days ago I went to see a friend in the hospital. While I was there her parish priest came in to visit her. I did not get up when he came in but remained seated at her bedside. My friend told me after he had gone that I should have stood up when he approached the bed. Will you please tell me if I was wrong not to get up?

Answer: Strictly according to the rules you were not wrong, but it would have been courteous for you to have gotten up out of respect for his cloth.

Engraved Menu Cards

Dear Mrs. Post: We have a question we would like settled—namely, is it proper to have engraved menu cards at a wedding. There is no choice of food—it is just a menu mentioning the food to be served.

Answer: At a small wedding engraved menu cards would seem pretentious, but they would be proper at a large one where the guests at the reception are seated at numerous tables.

Where and how future-in-laws should meet after the engagement is explained by Mrs. Post in leaflet E-1, "Engagements." Mrs. Post is sorry she cannot answer personal mail. To obtain a copy, send 10 cents in coin to Dept. EP, c/o The Freeman, P.O. Box 99, Station G, New York 19, N. Y.

Pioneer Hurlers Check KHS, 11-2 On 14 Strikeouts

Deke Johnson and Joe Molinaro combined for 14 strikeouts and limited Kingston High to three hits, as Poughkeepsie scored a 11-2 DUSO victory yesterday in the Bridge City.

The victory assured the Pioneers of its second straight championship. For the Maroons it was its sixth league setback and seventh overall against four victories.

Bill McDermott started for Kingston. He went four innings and gave up seven runs and seven hits until he was derided for Mike Spada, who mopped up.

Johnson gave up two of the three hits to Frankie Sammons and the other to Don Krueger. He fanned six. Molinaro came in to hurl the last three innings and fanned eight, but walked three.

The Maroons scored its two runs in the fourth on an error and successive hits by Sammons and Krueger. The Pioneers opened with a brace of runs in the second, came back for four more in the third and another four in the sixth.

Joe Cerniglia pounded out three hits, including a double, while Levine lashed a triple in the third.

The Maroons will be at Saugerties tomorrow and finish out the campaign at Dietz Stadium Thursday against Middletown.

Pitching—Carl Erskine, Dodgers, allowed only two singles in 2-1 victory over the Phillies, pitching a one-hit shutout until the eighth.

Hitting — Ed Mathews, Braves, was on base ahead of Frank Torre's three-run homer in the fourth, then blasted his 11th home run, breaking up the game in eighth inning for 4-3 victory over the Cubs.

Adams Misses Pinch Record

MILWAUKEE (AP) — Bobby Adams of the Chicago Cubs fell one shy of the major league record for consecutive pinch hits. A strikeout ended his string at six in Monday night's 4-3 defeat by the Milwaukee Braves.

The record of seven was set by Peanut Lowrey, now a manager in the Braves' farm system, with the St. Louis Cardinals in 1952.

Rigney Predicts Banner Season For Willie Mays

WEST POINT, N. Y. (AP)—Willie Mays is the type of baseball player who could bat .380, hit 50 home runs and drive in 140 runs. That is how much San Francisco Manager Bill Rigney thinks of his big man.

"Willie is the best player I ever saw," said Rigney today. "I said in the spring he never had reached his potential. He might drive in 140, bat .380, hit 50 homers and lead the league in everything."

Does Rigney expect him to do just that?

"I'll say this," he answered, "I can't think of anybody who has a better chance."

"Out in San Francisco they started to worry about Willie when he had hit only one home run in our first 22 games although he was hitting over .400," he said. "We even got out the movie camera."

Willie Just Happy

"He got a kick out of seeing himself in 1951. We saw a couple of things he was doing and he went back to the old thing. He crashed about eight in the next week."

Willie won't buy any predictions for himself.

"I'm just off to a good start," he kept saying. "I never hit many home runs in May. Usually I'm hitting about .250 at this time. I'm just happy I'm having a good year. When I hit home runs I get them in bunches and then no more for a time."

Perini Denies Secret Confab

NEW YORK (AP) — Lou Perini, owner of the Milwaukee Braves, has refused to confirm or deny that he was a participant in a recent secret meeting to discuss chances of bringing another major league team to New York.

Sports Columnist Red Smith says in today's edition of the Herald Tribune, that Perini, New York Parks Commissioner Robert Moses, Chairman William Shea of the Mayor's baseball committee and two others were present.

All except Perini, Smith said, were bound to silence.

There'll be a title fight as Lane, the No. 1 contender, finally gets his chance. But where it will be is uncertain.

Sawyers Tally Seven Runs in First Frame for 12th Straight Win

KO Wappingers In DCSL Finale By 7 to 5 Score

Even an all-winning team needs a break once in a while, but the trademark of the championship team is its ability to capitalize the breaks.

Saugerties High proved that baseball adage Monday by rolling to its 12th straight win, a 7-5 decision over Wappingers Central.

Coach Bill Straub's boys made the best of the opposition's falterings, scoring seven times in the first inning on a combination of four hits and four errors.

The Sawyers batted around. And it is a good thing they did, because the Dutchess squad really slammed the door shut after that. Clark Case allowed only one other hit and pitched scoreless ball for six innings, while his mates bunched up five hits in the third and fourth innings off Barry Wollen for its five runs.

Errors Start Rout

All the runs came after one out. George Neher and Donny Mornie got life on errors by the shortstop and third sacker, respectively. Don Whitaker was the second out on a fielder's choice, scoring Neher. Jack Naccarato singled home two more. Another shortstop miscue on Tony DePasquale was good for another. Barry Wollen's single, followed by a throwing error loaded the sacks. Then a single by Snyder scored two, a walk and another one-baser by Neher accounted for the seventh run.

The Sawyers play Kingston High at home today and will close out its season Thursday against Ontario Central.

For Buffalo Games

BUFFALO, N. Y. (AP)—National Football League teams will play one regular and two exhibition games in Civic Stadium next season.

The Chicago Bears will play the Chicago Cardinals in the opener of the pre-season schedule on Aug. 17. The Cards will meet the New York Giants in the first game of the regular season Sept. 28.

Those games were announced Monday. The Police Athletic League will sponsor the Cards-Bears game.

The Junior Chamber of Commerce is promoting a game between the Pittsburgh Steelers and the Baltimore Colts Sept. 6.

Lyons Shares Golf Laurels

JAMESTOWN, N. Y. (AP)—Toby Lyons of Jamestown and Frank Commisso of Rochester are the co-champions of the third annual Jamestown Open Golf tournament. Both fired one-under-par 70s Monday.

The defending champion, Sammy Urzetta of Rochester, tied with Joe Pasnik of Buffalo for third with 71 over the par 36-35-71 course at Moon Brook Country Club.

Ken Yount, a pro at Niagara Falls, shot a hole-in-one on the 197-yard 13th. He used a four-iron. In the amateur division, Ben Bishop of Jamestown, Emil Pasnik of Buffalo and John Lepir of Buffalo all had 74s to tie for first. Officials said there would be no playoffs to break the ties. Fifty pros and 80 amateurs competed. The amount of prize money and the breakdown was not available Monday night.

Varsity Football Men

Tommy and Charles Taylor, Jackson, Miss. brothers, are varsity football men at the University of Mississippi. Tommy is a senior right half back while Charles is a sophomore left half back.

Kingston High's tennis team lost a rugged 3-2 match to Newburgh Free Academy yesterday on the latter's court.

The difference was in one of the singles and doubles matches which went to the Goldbacks after an extra set.

Pete Zeeh dropped a three-set match to Jim Ryder, 6-2, 7-9 and 9-7. Bob Strong took the opener from Mike Grenis, 6-1, 6-2, but Phil Fuscardo lost to John O'Reilly 6-1 and 6-1.

The Maroon team of Tom DeWitt and Zeeh trimmed Mike Carpenter and Ryder, 6-1 and 6-3, but Strong and Fuscardo dropped a thriller to Grenis and O'Reilly, 5-7, 6-1 and 6-4.

Two matches remain on the Maroon schedule. They are at Monticello Thursday and windup the season at Poughkeepsie Monday.

Five Merchants Shoot 2877 in State Tourney

The "5" Merchants bowling team finished in the money in the team net event at the 33rd annual New York State Bowling tournament at Niagara Falls over the weekend.

The Hudson Valley combination had an excellent chance of overhauling the leaders, but a couple of bad breaks in the third game prevented it.

At any rate, the Merchants, who do better in tournament competition than league play, finished fifth in team net with a score of 2877 on games of 973, 997, 907. The quintet needed a shade over 1,000 to take the leaders, but 10-pin taps by Tom Carlingo on doubles hurt the team's chances.

Buster Ferraro did well in the singles and doubles events. He clipped a 602 in the doubles with Larry Petersen and blasted 611 in the singles. He hit a 256 solo in the doubles.

Ferraro's scores are certain for a slice of the prize money. The only other noteworthy score was Tom Amato's 604 series in the team event.

Warren Mehrtens, who had never drawn a riding suspension as a jockey, is a New York Racing Assn. steward.

KWBA Re-Elects Alverson; Launches Bid for 1960 State Meet

August Event Will Be Kickoff For Fund Drive

Kingston Woman's Bowling Association re-elected Nell Alverson president and set in motion a drive to bring the 1960 New York State Women's Association tournament to Kingston at their annual meeting last night.

Other officers named were Alicia Wrinn, vice-president; Nell Glennon, secretary; Mabel Chapman, treasurer; and Judy Lowe, sergeant-at-arms.

Rose Schatzel and Dot Rawding, two past presidents, and June Van Kleeck were named to the board of trustees.

Preliminary plans for the state tournament drive include a special event to be known as the Rip Van Winkle tournament. It will be staged in August and is expected to raise a substantial campaign fund. Other events will be announced later.

It was announced at the meeting that three local bowlers placed in the recent nationwide "600 Mail-O-Graph" tournament. Nell Alverson finished eighth in an entry of 1467 in Class A. Rose Schatzel was in 37th place and Chris Gallop finished sixth among 436 entries in Class C.

Garages Active In Indianapolis

INDIANAPOLIS (AP) — Activity was all in the garages at the Indianapolis Motor Speedway today as 33 cars qualified for the Memorial Day 500-mile race were being readied for carburetion tests.

The field is the fastest in history, and favorite Jimmy Bryan of Phoenix, Ariz., predicts a record run of one or two miles an hour faster than the mark of 135.601 m. p. h. set last year.

Bryan, USAC national champion, will drive a Belond Special in which Sam Hanks set the record. Hanks, now retired from racing, will drive a pace car for the start of Friday's race.

KBA Elections Set Tonight

The annual meeting and elections of the Kingston Bowling Association will be held tonight at 7:30 o'clock at the YMCA.

Balloting will be under the old system of league delegates, it has been announced. Jake Chichelsky is the KBA-nominated candidate for president. Robert Lynch, regional ABC representative, will be present.

Royals Continue IL Bombardment

By The Associated Press

The International League leading Montreal Royals continue to punish opposing pitchers.

Led by Bob Lennon, who had a perfect night with a single, his 12th home run and three walks, the Royals beat the Richmond Virginians 6-5 last night. Lennon now leads the league with a .369 batting average and 37 runs batted in.

In other games, the Rochester Red Wings edged the Miami Marlins 2-1, the Buffalo Bisons beat the Havana Sugar Kings 7-6 and the Toronto Maple Leafs came from behind to defeat the Columbus Jets 5-4.

Lynn Lovenguth went all the way for his third triumph for the Red Wings. Starter Dalls Green lost his own game in the sixth when, with a runner on first, he committed errors on two successive ground balls to let in a run.

Easter Singles
Luke Easter singled home the winning run in the ninth inning for the Bisons. Earlier he had hit a two-run homer that gave his team a temporary lead. Rogelio Alvarez hit a three run home run for the Sugar Kings and Tony Gonzalez hit one in the eighth inning to tie the score. Milt Graff and Ray Noble also homered for the winners.

The Maple Leafs came up with two runs in the ninth inning to erase the fine effort of Columbus's Howie Goss, who homered twice for three runs. Hector Rodriguez started the rally with a single after one out. Arch Wilson doubled him to third. When Bill Causon bobbled the ball in the outfield, Rodriguez scored the tying run. After Rocky Nelson was walked intentionally, Sam Jethroe delivered the winning hit, a bloop single to left.

Squeakers were in the order of the day in the City Softball League Monday, with Pat & George's nipping Hilltop Rest, 2-1, and Chez Emile edging Chappie's Taxi, 5 to 4.

A walk, hit batsman and Tom Murphy's infield single brought victory to P & G, who were limited to two hits by J. Green. The losers had seven off Hank Passante. Fred Schryver tripled and Murphy had a double in addition to his single.

Chappie's outthit Chez Emile, 11-6, but Buttacaro's was tough in the pinches. B. Manning went the route for Chappies. Ronnie Scheffel led the hitters with a single and double.

York Nips Grays In Eastern Loop

By The Associated Press

York, sporting the best record in the Eastern League, staged off a ninth inning rally by Williamsport Monday to nip the Grays 8-7.

The win gave York a 17-8 record and boosted pitcher Bill Garcia's mark to 3-0.

Trailing 8-3 going into the top of the ninth, Williamsport staged an upsurge that plated four runs. Pitchers Dick Hicks and Carlos Thorne were called in to help put out the fire.

In other games, Albany edged Lancaster 4-3, reading walloped Binghamton 7-1 and Springfield defeated Allentown 3-1.

Right-hander Howard Reed limited Lancaster to six safeties, one of them a three-run homer by George McCue in the sixth inning. The Binghamton Triplets couldn't stand prosperity. They scored two runs in the first inning against Reading and then called it a day. Reading came back to take the lead with five runs in the fifth inning.

Julio Navarro, Springfield right-hander, won a mound duel with Walt Payne as Allentown went down in defeat. A two-run third in which Springfield bunched three of the five hits decided the issue. Navarro gave up six hits.

Candidates are elected to the Hall of Fame for Great Americans every five years. Only seven candidates may be admitted in any election and candidates must have been dead at least 25 years.

Robinson Nixes Repeat in 1958

NEW YORK (AP) — Sugar Ray Robinson says he isn't going to fight again this year.

"I can't afford to," says the middleweight champion. "The way the tax situation is it would even cost me money."

That's the way Ray sees it today. He's been known to change his mind.

Robinson discussed his future plans after he seconded his sparring partner, Otis Woodward, 160½, of New York, to a second straight

Moore Trounces Norkus, Wants Shot at Title

SAN FRANCISCO (AP) — Light heavyweight boxing champion Archie Moore, whose boxing life keeps rolling right on through his 40s, plans a promotion campaign to win another shot at the heavyweight crown.

"Retire, why should I retire?" he asked Monday night after handing veteran Charley Norkus a thorough beating in 10 rounds. "I gave the better part of my younger days trying to learn this boxing game."

Moore did not break the all-time record for knockouts he shares with the late Young Stribling at 126, but he has probably had few easier work evenings. Relying mostly on his left hand, Archie did not lose a round as he jabbed and hooked to the head and body. Norkus, 29, from Port Washington, N. Y., came off with a bloody nose and battered face.

Weights In at 196
Weighing a pudgy 196, all of 21 more than the light heavyweight limit, Moore came in three pounds heavier than his opponent, who always has been a heavyweight.

Moore says he'll be glad to give Canadian Yvon Durelle a chance at the title in exchange for a \$100,000 guarantee or he'd like to fight heavyweight contender Eddie Machen here for a guarantee.

In the immediate future, the 175-pound class champ plans a fight in about two weeks at Sacramento, Calif., if an opponent can be found. Then he'd like Machen, adding, "when I knock him out, I'll put on the campaign to get Patterson into the ring with me again." Floyd Patterson is the heavyweight champ.

Hoover Exits From Masters

SYRACUSE, N. Y. (AP) — Defending champion Dick Hoover of Akron, Ohio, was eliminated from the American Bowling Congress Masters' tournament Monday night after he absorbed his second loss in the match play finals.

Hoover's final defeat came at the hands of Ray Bala of Windsor, Ont., who outpinned the Buckeye star, 756 to 752, in their four game duel. Hoover was beaten in his first match of the finals Sunday night by another comparative unknown, Al Kaelin of Louisville, Ky.

Hoover scored victories over Cy Speck, Little Rock, Ark., and Bob Bernard, Long Beach, Calif., before his encounter with Bala in the last squad of the day.

Bowlers who remained undefeated after the third round Monday included: Tom Hennessey, Pat Petterson, Buzz Fazio and Woody Hulsey of St. Louis; Lou Frantz and Kaelin of Louisville; Joe Joseph of Lansing, Mich., and Joe Van Winkle of Miami, Fla.

Only Kaelin and Van Winkle can be considered dark horses. Tony Lindemann of Detroit set the all-time Masters scoring record early in the day when he unleashed a 288-238-237-1021 series.

Sports Car Track Planned

ELGIN, Ill. (AP) — One of the nation's largest sports car race tracks is under development near here. A 232-acre site at Meadowdale Raceways is being cleared for a 4.20 mile course. Carl W. Anderson says there are only four other tracks like this one in the world—Florida, France, Italy and Mexico. "There will be a seating capacity of 135,000 with parking space for 100,000 cars. It is being developed by Leonard W. Besinger. The acreage will include two lakes, an 18-hole golf course and a country club house.

Leetch - Green Nuptials Announced

PLATEKILL—Miss Patricia Green, daughter of Mr. and Mrs. Finley Green of Savilton, and Ronald Leetch, son of Mr. and Mrs. James Leech of Montgomery, formerly of Platekill, were married Sunday, April 27, at the Platekill Methodist Church.

The Rev. George Furnival, pastor of the Platekill and Roosevelt Methodist Churches, performed the double ring rites at a candlelight ceremony.

Mrs. Edmund F. Wager Sr. was organist, accompanying Harrison Slocum, soloist.

Given in marriage by her father, the bride was gown in white lace covered satin, full skirt ending in a cathedral length train. Her fingertip veil was fastened to a headpiece of seed pearls, and she carried a bridal bouquet of white roses and carnations.

Miss Sadie Cash as maid of honor, wore blue net over taffeta, a blue tiara with rhinestones, and carried yellow and blue carnations and snapdragons.

Bridesmaids Joan Hartney of Hurley and Adele Hoppenstedt of Platekill wore similar gowns of blue net and taffeta, white tiaras with rhinestones, and carried pink and blue carnations and snapdragons.

Nancy Saire of Salisbury Mills, as junior bridesmaid, wore white net and taffeta, a white tiara and carried blue carnations.

Richard Leetch was best man for his brother and ushers were Neil Benedict, James and Robert Leetch.

A reception was held following the ceremony, at the Spanish Social Club in Platekill, after which the couple left for a wedding trip to Yankee Lake.

They will reside in Montgomery.

Mrs. Leetch is a graduate of the Wallkill Central School, and will graduate from Methodist Hospital School of Nursing in New York City in June.

Mr. Leetch is also a graduate of the Wallkill Central School, attended Orange County Community College and is employed at the IBM.

There is to be a Governors' Day and all living ex-governors will be invited to be the guests of the city.

There will be farm festivals with exhibits of old tools and implements to be shown contrasting with the modern tools and machinery of today.

Rigby suggested that a committee be appointed, made up of

representatives of the various organizations in Port Ewen, to make plans for the town's part in the celebration.

Roger Mable, supervisor of the Town of Esopus, also a guest, spoke briefly of some of the things on which the Town Board is working and hopes to accomplish and he thanked the group for its co-operation with the Board.

In the absence of the Rev. Harry E. Christiansa, the organization's representative on the Park Commission, Kenneth Bonville, Legion Post representative, made a report on the progress of the work being done in Ross Memorial Park. He said that the area would be drained just as soon as a drainage pipe can be installed under Doris Street and that easements had been obtained.

Drinking fountains and picnic facilities will be installed and many other things will be done to improve the Park. The American Legion will plant trees in the park Memorial Day. Litter cans have been purchased also.

Bonville announced that Friday night, June 6, the Colonial Cavaliers will put on a concert and drill in the park and that several games have been scheduled for the Little League throughout the week.

The library sidewalk committee reported that a change had been made in plans for laying the sidewalk across the front of the library property. Many of the volunteers were not able to work Saturday afternoon so it was decided to have them report at 6 p. m. Wednesday.

Committee Appointees

Dr. William Harris, chairman of the industrial committee, appointed several members to work with him in compiling statistics on Port Ewen, which will be sent to the New York State Department of Commerce for their use and information in regard to getting business to locate in Port Ewen and vicinity. Members appointed were David Harris, John Henry, Roger Elmdorf, Cleon Robinson, Philip Sior, Basil Potter and Bernard Darling.

It was voted to continue meetings of the organization during July and August. It was also voted to serve refreshments after meetings and Michael Belsford was appointed chairman of the committee.

At the June meeting, W. Dale Swartzmiller, regional representative of the New York State Department of Commerce will be the guest speaker.

PORT EWEN NEWS Celebration Plans Outlined At Businessmen's Meeting

Harry Rigby Jr., recently appointed as one of a 15 man committee in charge of the 1959 Hudson Champlain celebration was the recent speaker before a large group attending a meeting of the Port Ewen Businessmen's Association.

Rigby who is an authority on New York State history and particularly on folklore of the Catskills and the Hudson Valley, was introduced by Zale Liese, chairman of the program committee.

After saying that he had been watching with much interest, the progress of the organization, Rigby complimented the organization on its aggressiveness and the constructive work being planned for the future.

Proving Ground

He said that New York State was the testing and proving ground of the country and that much of its history was made here. One purpose of the celebration, he said, is to familiarize people with the tremendous importance of the State where many of their ancestors were born, lived and had a hand in the state's development in the early days.

The original idea, he said, was to confine the celebration to the counties, towns and villages bordering on Lake Champlain and the Hudson River but the idea caught on by the rest of the state and many localities are staging celebrations of their own to commemorate various anniversaries.

It is expected, he said, that hundreds of tourists will visit the state during the celebration and it is planned to extend invitations to many important personages to attend.

Queen Elizabeth of Great Britain and Princess Beatrice of the Netherlands as well as other reigning monarchs, will be invited.

He said that the state and federal government will each allocate some funds to help defray the expenses of the project, but each community and locale will make their own plans.

It is expected, he said, that two large automobile concerns will put showboats on the river, which will go from town to town, providing entertainment. It is also hoped to have excursions on the Hudson Day Line boats to points of interest along the river.

Slogan Chosen

One of the advertising slogans which will be used in many magazines, newspapers and other advertising mediums, is "In the year of history, visit the state where history was made."

Rigby spoke of Kingston being the first capital of New York State and of the burning of the city by the Indians. He told the group that he was sure the many persons living in Port Ewen were not familiar with how it got its name. He said that it was named for Samuel Ewen, one time owner and head of the old Delaware and Hudson Canal.

It is being planned, he continued, to ask the State Legislature to convene one day earlier than is customary, and have them hold a session in the old Senate House in Kingston, then go on to Albany for the opening the next day.

An "old home week" or a homecoming week is being planned, in an effort to have those persons who have moved away from the state, to come back and visit their old homes and take part in the celebration.

Residents will be asked to make room for some of the many thousands who are expected to come to Kingston and vicinity and who may not be able to get sufficient hotel accommodations.

Governors' Day

There is to be a Governors' Day and all living ex-governors will be invited to be the guests of the city.

There will be farm festivals with exhibits of old tools and implements to be shown contrasting with the modern tools and machinery of today.

Rigby suggested that a committee be appointed, made up of

representatives of the various organizations in Port Ewen, to make plans for the town's part in the celebration.

Roger Mable, supervisor of the Town of Esopus, also a guest, spoke briefly of some of the things on which the Town Board is working and hopes to accomplish and he thanked the group for its co-operation with the Board.

In the absence of the Rev. Harry E. Christiansa, the organization's representative on the Park Commission, Kenneth Bonville, Legion Post representative, made a report on the progress of the work being done in Ross Memorial Park. He said that the area would be drained just as soon as a drainage pipe can be installed under Doris Street and that easements had been obtained.

Drinking fountains and picnic facilities will be installed and many other things will be done to improve the Park. The American Legion will plant trees in the park Memorial Day. Litter cans have been purchased also.

Bonville announced that Friday night, June 6, the Colonial Cavaliers will put on a concert and drill in the park and that several games have been scheduled for the Little League throughout the week.

The library sidewalk committee reported that a change had been made in plans for laying the sidewalk across the front of the library property. Many of the volunteers were not able to work Saturday afternoon so it was decided to have them report at 6 p. m. Wednesday.

Committee Appointees

Dr. William Harris, chairman of the industrial committee, appointed several members to work with him in compiling statistics on Port Ewen, which will be sent to the New York State Department of Commerce for their use and information in regard to getting business to locate in Port Ewen and vicinity. Members appointed were David Harris, John Henry, Roger Elmdorf, Cleon Robinson, Philip Sior, Basil Potter and Bernard Darling.

It was voted to continue meetings of the organization during July and August. It was also voted to serve refreshments after meetings and Michael Belsford was appointed chairman of the committee.

At the June meeting, W. Dale Swartzmiller, regional representative of the New York State Department of Commerce will be the guest speaker.

Village Notes

Registration Date June 7 at Onteora

Ronald P. Vanni, elementary principal at the Onteora Central School, Boiceville, announced today that kindergarten registration for next September will be held at the school Saturday, June 7, from 9 a. m. to 12 noon. A child must be five years old on or before Jan. 1, 1959, in order to be eligible for kindergarten in September, 1958. Parents will bring their child's birth certificate or other record of birth and records of vaccination and immunization with them. Each child will be given an examination by one of the school physicians and a health history will be taken. Children will have an opportunity to meet the kindergarten teachers, visit the kindergarten room, and become familiar with the school.

Prior to registration, Thursday evening, June 5, a parent-teacher discussion on Onteora's kindergarten program will be held at 8 p. m. in the cafeteria. A film entitled, "A Long Time to Grow—Four and Five Year Olds in School" will be shown. The kindergarten teachers, school nurse, and elementary principal will be available to answer questions and discuss ways in which the child's first school experience can be made as happy and enjoyable as possible.

At this meeting, the kindergarten booklet, entitled, "Welcome to Kindergarten" will be distributed. The booklet, compiled by staff members, contains information of interest to parents of school children and will serve as reference throughout the year.

Think It Through

By E. F. HUTTON

QUACK DOCTOR

Mr. Walter Reuther's schooling never got as far as double entry bookkeeping. He simply can't figure that one man's wage is another man's cost.

He says "the expansion of mass purchasing power through higher wages and lower prices" is imperative to correct the "imbalance that is causing recession and mass unemployment."

Well, let's consider a strawberry farmer and his hired hand—Reuther by name.

The farmer has been paying Reuther 2 \$'s an hour for picking berries. Reuther demands 3 \$'s an hour—not for picking more berries per hour, which he won't do, but to "expand purchasing power" so Reuther can buy a new automobile.

The farmer gives in to R., hoping to sell the berries for enough more to get his \$ back. But Walter says, "No, you've got to reduce the price of strawberries to cure the recession."

One of several things happens:

The farmer sells at the old price. Result: the farmer has 1 \$ an hour less purchasing power, or

The farmer raises the price to cover his added cost. Result: the buyer of the berries has less purchasing power to buy shoes, or

The farmer lowers his price. Result: the farmer goes broke and lays off his hired man!

All that Reuther proposes is to transfer purchasing power from one pocket to another, not expand it.

Reuther's phony economics is a chief cause of the recession.

Chamber, Radel Will Confer on Traffic Problems

A sub-committee of the Traffic and Transportation Committee of the Kingston Area Chamber of Commerce plans to confer with Mayor Edwin F. Radel regarding various traffic problems and regulations. This decision was made at the first meeting of the full committee in the Governor Clinton Hotel last night at which chairman, Adrian Kaplan, presided. Chairman Kaplan will make arrangements for the conference at the Mayor's convenience. Other members of this special sub-committee are Alex Embree Jr., Herbert Greenwald, Stanley London and John McFadden.

It was also decided to write letters to the various officials concerned regarding the status of area highway and arterial re-route projects and call attention to the dangerous situation at the Washington Avenue viaduct approach to the city. A communication will be addressed to the Ellenville Chamber of Commerce in an effort to revive interest in the improvement of the entire highway Route 209 between Kingston and Port Jervis. Several other possible projects were discussed and will be given consideration at the next meeting of the full committee. Those present in addition to the names mentioned above were Oscar Lawatsch, Norman Shapiro, George Svirsky and manager Albert Kurdt, who served as secretary.

In reporting on the meeting, Chairman Kaplan expressed satisfaction over the keen interest shown by members of the committee in traffic and related problems.
